# 1 The Institution ensures effective curriculum planning and delivery through a well-planned and documented process including Academic calendar and conduct of Continuous Internal Assessment (CIA)

PCE is affiliated to RTU, Kota and follows the planned and prescribed curriculum of University. The Internal Quality Assurance Cell (IQAC) of PCE takes the responsibility of monitoring the effective delivery of the curriculum through a well-planned and documented process. To ensure effective curriculum delivery, a Curriculum Delivery Plan (CDP) is prepared by all PAC's of the respective departments. A CDP includes detailed planning for preparation, verification, execution and adherence to all documents related to academic delivery of all courses. As per the directions received from IQAC, the Examination cell plans for the Continuous Internal Assessment. Examination cell then circulate CIA planning to the PAC. Examination cell sends all the CIE Data to Director's Office for the final approval before its submission to RTU. Detail outlines are as follows.

- 1. Director Office, PCE receives the curriculum from RTU, Kota through university website.
- 2. IQAC prepares institute academic calendar aligned with RTU academic calendar considering input received in last GC meeting and other stakeholders. IQAC forwards the Institute Academic Calendar to PAC (Program Assessment Committee) for identifying curriculum gaps and examination cell for CIE. PACs then prepares CDPs after consolidating the course specific planning received from the respective faculty members.
- 3. A CDP includes activities for gap abridgement which are proposed to be carried out by the faculty members.
- 4. IQAC also instructs PACs to prepare the department activity calendar. PACs receives approval of department activity calendars and CDPs from DABs before its final approval from IQAC.
- 5. IQAC also reviews the CDPs approved by DABs and gives suggestions/ approvals periodically. All the activities (SPL, Industrial visit, workshop etc.) planned are taken into consideration for the Department activity calendar after the approval from DABs.
- 6. Subject wise Course files are prepared by respective faculty, comprising of Syllabus, ABC analysis, Blown-Up, Deployment, Lecture notes, Zero Lecture, Tutorial and Assignment sheets, COs Statements, and Mapping with POs and PSOs.
- 7. Faculty frequently use ICT tools for more effective content delivery using PPTs, video lectures etc.
- 8. Student attendance is monitored by tutors and chief proctor office with help of SHARP ERP software. Attendance defaulters are regularly counseled through their tutors for improving their attendance.
- 9. Institute also conducts Annual Internal Academic Audit for the effectiveness of teaching-learning methodologies and the necessary actions are taken as suggested by the audit team.
- 10. Conferences, seminars, webinars, workshops, expert lectures, STTPs, and FDPs are organized throughout the year on the recent advances in the field of Engineering.
- 11. Continuous Internal Assessment process includes Midterm exam, Tutorials, Assignments, Quizzes, presentation, Class Test, viva-voce etc.
- 12. As per the RTU examination scheme, mid semester examinations are conducted centrally by examination cell as per the planning & academic calendar and other assessments are conducted at departmental level.

- 13. All the evaluations are carried out by the faculty members which include COs-POs attainment, Gap identification & action taken for the fulfillment of gap.
- 14. Student feedback and attainment of COs-POs are reviewed by the PAC for any revision in planning & Delivery.
- 15. End term semester examinations are conducted by the RTU, Kota.

#### **Vision & Mission Statements**

#### 2.1 Vision & Mission Statements of the Institute

#### **Vision of Institution**

To create knowledge based society with scientific temper, team spirit and dignity of labor to face the global competitive challenges

#### **Mission of Institution**

To evolve and develop skill based systems for effective delivery of knowledge so as to equip young professionals with dedication & commitment to excellence in all spheres of life

# 2.2 Vision & Mission Statements of the Programme B. Tech. (Electronics & Communication Engineering)

### 2.2.1 Vision of Department

 To establish an acknowledged Department of academics in the field of Electronics and Communication Engineering.

### 2.2.2 Mission of Department

- 1. To equip the students with strong foundations to enable them for continuing education in the field of Electronics and Communication Engineering.
- 2. To provide quality education & to make the students entrepreneur and employable.
- 3. To undertake research and development in the field of Electronics and Communication Engineering.

#### 2.2.3 PEO of the Department

#### **Program Educational Objectives (PEOs)**

- PEO1: The graduates will be competent enough to apply knowledge and skills to solve the real time problem.
- PEO2: Graduates will work as a team in diverse field and gradually move into leadership position.
- PEO3: Graduates will understand current professional issues, apply latest technologies and

come out with innovative solutions for the betterment of the society.

#### 2.2.4 Program Specific Outcome (PSOs)

- PSO1: Graduates possesses the ability to understand and apply basic knowledge of core
   Electronics & Communication Engineering for the benefit of society.
- PSO2: Graduates will be proficient to apply electronic modern IT tools for the design and analysis of complex electronic systems in furtherance to research activities.
- PSO3: The ability to be adaptable to the multidisciplinary nature at workplace, develop excellent Interpersonal Skills & Leadership qualities that benefits the individual & organization.

#### 2.3 Program Outcomes (PO)

#### **Engineering Graduates will be able to:**

- PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, Engineering fundamentals, and an Engineering specialization to the solution of complex Engineering problems.
- PO 2: Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- PO 3: Design/development of solutions: Design solutions for complex Engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- PO 4: Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- PO 5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern Engineering and IT tools prediction and modeling to complex Engineering activities with an understanding of the limitations.
- PO 6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Engineering practice.
- PO 7: Environment and sustainability: Understand the impact of the professional Engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and the need for sustainable development.

- PO 8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the Engineering practice.
- PO 9: Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- PO 10: Communication: Communicate effectively on complex Engineering activities with the Engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and receive clear instructions.
- PO 11: Project management and finance: Demonstrate knowledge and understanding of the Engineering and management principles and apply these to one's own work, as a member and leader in team, to manage projects and in multidisciplinary environments.
- PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

#### 3 Department Academic & Administrative Bodies - Structure & Functions

#### 3.1 Department Advisory Board (DAB)

#### 3.1.1 Primary Objective

Department Advisory Board (DAB) of Department of Electronics & Communication Engineering, PCE, Jaipur is formed to provide necessary suggestions for developing a structured approach for continuous improvement in curriculum delivery, planning and incorporation of Curricular, Extra and Co-Curricular activities needed to abridge the pre-identified curriculum gaps.

#### 3.1.2 Roles & Responsibilities

- 1. Suggest improvement in academic plans and recommend standard practices/system for attainment of Program Educational Objectives, Program Outcomes, Program Specific Outcomes and Course Outcomes.
- 2. Provide guidelines for industry-institute interactions to bridge up curriculum/industry gap and suggest quality improvement initiatives to enhance employability.
- 3. Develop a structured Curriculum Delivery Plan, Department Academic Calendar and seek approval for them from Internal Quality Assurance Cell.
- 4. Incorporate suggestions received from Program Assessment Committee (PAC) by including proposed activities for bridging curricular gaps identified.
- 5. To identify and suggest thrust areas to conduct various activities (final year projects, training courses and additional experiments to meet PEOs, and propose necessary action plan for skill development of students, required for entrepreneurship development and quality improvement.

#### 3.2 Program Assessment Committee

#### 3.2.1 Primary Objective

The primary objective of Program Assessment Committee (PAC) is to identify bridge and assess the gaps in Program's Curriculum received from University through attainment calculation.

# 3.2.2 Roles & Responsibilities

- 1. Identify gaps in curriculum laid down by University and propose activities for bridging identified gaps.
- 2. Implement academic plans and standard practices/system for attainment of Program Educational Objectives, Program Outcomes, Program Specific Outcomes and Course Outcomes.
- **3.** Regular Monitoring of curriculum gap abridgement and course deployment practices through pre-defined methods.
- **4.** Execute Industry-Institute Interactions to enhance the employability thereby meeting the industry standards and requirements.
- 5. Implement Curriculum Delivery Plan & Department Academic Calendar.

# 3.2.3 Department-Wise Composition

| S. No. | Category                 | Nominated by                         | Name of Members                                | Address                         |

# ACADEMIC CALENDAR 2023-24\*#

#### ODD SEMESTER

#### **JULY 2023**

RTU THEORY EXAMINATION OF FIRST YEAR [EVEN SEM 2022-23]

#### AUGUST 2023

Practical Training [After II, IV, VI Sem.] Celebration of Independence Day.

#### SEPTEMBER 2023

Monday 11 Commencement of Classes-Odd Semesters B. Tech. III/V/VII

Wednesday 06 to Sataturday16 Induction Program B. Tech. I Sem

Monday 18 Commencement of Classes-Odd Semesters B. Tech. I Sem. Tuesday 05 Celebration of Teachers' Day & Activities under WISE

Friday 15 Engineers' Day Friday 29 **Blood Donation Camp** 

#### OCTOBER 2023

Monday 02, 2023 Annual Day KALANIDHI' & Faculty Felicitation Program

Monday 16, 2023 Manthan- Inter-college Debate Competition

Wednesday 11, to Friday 13 First Mid Term Theory & Practical Exam for B.Tech VII Sem Monday 16, to Saturday 21 First Mid Term Theory & Practical Exam for B.Tech V & III Sem

#### NOVEMBER 2023

Thursday 02, to Wednesday 08 First Mid Term Theory & Practical Exam for B. Tech I Sem Tuesday 28 to Thursday 30 Second Mid-TermTheory & Practical Exam for B.Tech VII Sem

Thursday 30, 2023 Last Teaching Day for B. Tech VII Sem

Tuesday 28 to Tuesday, Dec. 05 Second Mid Term Theory & Practical Exam for B. Tech V & III Sem

#### DECEMBER 2023

As Per RTU Exmination Schedule End-Term Practical Exams for B. Tech VII Sem Tuesday 05 Last Teaching Day for B. Tech V & III Sem

As Per RTU Exmination Schedule End-Term Practical Examination for B. Tech V & III Sem

Monday 18, to Saturday 23 Second Mid-TermTheory & Practical Exam for B. Tech I Sem

Saturday 23 Last Teaching Day for B. Tech I Sem

#### JANUARY 2023

As Per RTU Exmination Schedule End-Term Practical Examination for B. Tech I Sem

HOLIDAYS **ODD SEMESTER**  Independence Day Celebration -Raksha Bandhan Krishna Janmashtami

Vijayadashami Diwali Break

Gurunanak Jayanti New Year

14 August, Monday - 15 August, Tuesday 30 August, Wednesday

7 September, Thursday - 9 September, Saturday 24 October, Tuesday 10 November, Friday - 14 November, Tuesday

25 November, Saturday - 27 November, Monday 23 December, Saturday - 25 December, Monday 01 January, Monday - 02 January, Tuesday

For all Engineering Faculty and Students of PCE

<sup>\*</sup>Subject to revision as per RTU notifications

## 11 <u>Course File Sample</u>

Outcome Based Process Implementation Guidelines for Faculty

#### **11.1** Labeling your course file

- Name of faculty:
- Class- SEM:
- Branch:
- Course Code:
- Course Name:
- Session:

#### 11.2 List of Documents:

- 1. Vision & Mission Statements of the Institute
- 2. Vision & Mission Statements of the Department
- 3. List of PEO, PSO and PO of department
- **4.** Personal Time Table
- 5. RTU Syllabus
- **6.** Document as per point no. 1-4 in guidelines
- 7. Course Plan
- **8.** Document as per point no 6-12 in guidelines
- 9. Document for CO AssessmentStage1: As per point no13, up to 13.2.5
- 10. Document for CO Assessment Stage2: As per point no13, upto13.2.5, with comparison to previous
- 11. Document for CO Assessment Stage3: As per point no13, upto13.2.5, with comparison to previous
- **12.** Document for CO Attainment through RTU Component: Previous RTU Result: point no. 13.3 upto13.3.2
- **13.** Document for PO attainment through RTU Component: Previous RTU Result: point no. 13.4 upto 13.4.2
- 14. Document for Overall Attainment of PO through CO: As per point no 13.5
- **15.** Document for last years (Repeat process from 6-14 above): Comparative data should be included in course file
- 16. Lecture Notes
- 17. Copy of Assignments questions given from time to time
- **18.** Copy of Tutorial Sheets given (if applicable)
- 19. RTU Question Papers with answer
- 20. Internal Assessment Question Papers with answer from time to time
- **21.** Topics covered beyond syllabus-References
- 22. Details of any other activity and its assessment through rubric be included
- 23. Mapping department level/focus activities with your COs

## 12 Outcome Based Process Implementation Guidelines for Faculty

## Course CO-PO, Preparation, Assessment Formats

| Academic Session: 2023-2024 | Class:        | Semester: |
|-----------------------------|---------------|-----------|
| Name of the Faculty:        |               |           |
| Subject:                    | Subject Code: |           |

This document is meant as guidelines for implementing Outcome based education system as per to NBA process.

1. Vision & Mission of Department: Statement and Mapping with Institute

Mission Here you have to include department mission vision statements and show mapping of keywords with institute mission.

2. Program Educational Objectives (PEOs): Statement and Mapping with Department Vision & Mission

Here you have to include department PEO statements and show mapping of keywords with department vision &mission.

3. Program Specific Outcome (PSOs): Statement and Mapping with Department Vision & Mission

Here you have to include department PSO statements and show mapping of keywords with department vision & mission.

- 4. Program Outcome (POs): Statement and Mapping with PEO and PSO
  Here you have to include PO statements and show mapping of keywords with department PEOs &PSOs.
- 5. Course Plan (Deployment):

(Please write how you intend to cover the contents: i.e., coverage of Units by lectures, guest lectures, design exercises, solving numerical problems, demonstration of models, model preparation, or by assignments, etc.), for example

Coverage of Units by lectures Design exercises Demonstration of models By assignments

ExampleT1: Principles of Machine, By P.S.Bhimra, Khanna Publication, Edition 2019

6. Course Outcomes: Look for strong mapping of course with specific PO (2-3). Define Generic Course Outcomes (max.) using Blooms Taxonomy. (In case of Lab Course define generic Lab Outcomes LO and refer CO as LO in this document).

7. CO-PO-PSO Mapping: Mapping Levels: 1- Low, 2- Moderate, 3-Strong First try to find out 2-3 PO the strongly related to your subject contents. Go through the contents and try to formulate 4-5 Course Outcome as per bloom taxonomy. Map each CO with PO and PSO as above. While mapping please rethink if you map any PO with 3, it means you are planning to deliver the contents of that level and you will also examine the students at that level.

| CO  |     |     |     |     |     |     | PO  |     |     |      |      |      |      | PSO  |      |
|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|------|------|------|------|------|------|
|     | PO1 | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 | PO8 | PO9 | PO10 | PO11 | PO12 | PSO1 | PSO2 | PSO3 |
| CO1 |     |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
| CO2 |     |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
| CO3 |     |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
| CO4 |     |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
| CO5 |     |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
|     |     |     |     |     |     |     |     |     |     |      |      |      |      |      |      |

7.1 PO Strongly Mapped: (Example):

O PO2: Write full statement with keywords highlighted o PO3: Write full statement with keywords highlighted o PO4: Write full statement with keywords highlighted

7.2 PO Moderately Mapped: (Example)

O PO1: Write full statement with keywords highlighted

O PO11: Write full statement with keywords highlighted

7.3 PO Low Mapped: (Example)

O PO12: Write full statement with keywords highlighted

7.4 PSO Strongly Mapped: (Example)

O PSO 1: Write full statement with keywords highlighted

7.5 PSO Moderately Mapped: (Example)

O PSO 2: Write full statement with keywords highlighted

6.6 PSO Low Mapped: (Example)

O PSO 3: Write full statement with keywords highlighted

#### 8. Rules for CO/LO Attainment Levels: (Targets)

All the courses of your department should be divided into the ECE categories A-Most Difficult course, B-Medium level of Difficulty, C- Low level of Difficulty – (Easy)

According to difficulty level, you can decide specific range for CO attainment targets for Continuous assessment from the following table.

Remember that targets for internal assessment should be higher.

| Course Category | Level 3                  | Level 2             | Level 1             |
|-----------------|--------------------------|---------------------|---------------------|
| A               | 60 % of students getting | 50-60 % of students | 40-50 % of students |
|                 | > 60% marks              | getting > 60% marks | getting > 60% marks |
| В               | 80 % of students getting | 60-80 % of students | 40-60 % of students |
|                 | > 60% marks              | getting > 60% marks | getting > 60% marks |
| С               | 90 % of students getting | 70-90 % of students | 40-70 % of students |
|                 | > 60% marks              | getting > 60% marks | getting > 60% marks |

## 9. End Term RTU Component: CO Attainment Levels

All the courses of your department should be divided into the ECE categories A-Most Difficult course, Medium level of Difficulty, C- Low level of Difficulty – (Easy)

B-

According to difficulty level and the results of past 3-5 years, you can decide specific range for CO attainment targets for RTU component from the following table.

| Course Category | Level 3                  | Level 2             | Level 1             |
|-----------------|--------------------------|---------------------|---------------------|
| A               | 50 % of students getting | 40-50 % of students | 30-40 % of students |
|                 | > 60% marks              | getting > 60% marks | getting > 60% marks |
| В               | 60 % of students getting | 40-60 % of students | 30-40 % of students |
|                 | > 60% marks              | getting > 60% marks | getting > 60% marks |
| С               | 80 % of students getting | 60-80 % of students | 40-60 % of students |
|                 | > 60% marks              | getting > 60% marks | getting > 60% marks |
|                 |                          |                     |                     |

For the specific CO/LO attainment levels of your respective course please use the above tables as reference according your subject difficulty level and prepare following table.

| S.<br>No. | Course Type                         | Attainment<br>Level=1 | Attainment<br>Level=2 | Attainment<br>Level=3 |
|-----------|-------------------------------------|-----------------------|-----------------------|-----------------------|
| 1         | Theory Courses Mid Semester Exams   |                       |                       |                       |
| 2         | Theory Courses<br>University Exam   |                       |                       |                       |
| 4         | Practical Courses  – Internal Exams |                       |                       |                       |
| 5         | Practical Courses - University Exam |                       |                       |                       |
| 6         | Assignments/Unit Test               |                       |                       |                       |
| 7.        | Any other                           |                       |                       |                       |

#### 10. CO wise Assessment Activities (as Mentioned in Session Plan):

You can plan for each CO, activities/ assessment tools to be conducted/ used for its achievement. Use X to those you select for specific CO. Remove all unused columns.

|     |                   |                       |        |        |                    |                     |              | Activ        | vities   |         |         |          |            |       |       |            |
|-----|-------------------|-----------------------|--------|--------|--------------------|---------------------|--------------|--------------|----------|---------|---------|----------|------------|-------|-------|------------|

| CO1 |                   |                       |        |        |                    |                     |              |              |          |         |         |          |            |       |       |            |
| CO2 |                   |                       |        |        |                    |                     |              |              |          |         |         |          |            |       |       |            |
| CO3 |                   |                       |        |        |                    |                     |              |              |          |         |         |          |            |       |       |            |
| CO4 |                   |                       |        |        |                    |                     |              |              |          |         |         |          |            |       |       |            |
| CO5 |                   |                       |        |        |                    |                     |              |              |          |         |         |          |            |       |       |            |
| CO6 |                   |                       |        |        |                    |                     |              |              |          |         |         |          |            |       |       |            |

In case of Lab course some activities are as follows:

| LO  | Internal<br>Practical<br>exams | Laboratory<br>Tests | Viva | Records | Project<br>Presentation | Project<br>Evaluation | External practical exams |
|-----|--------------------------------|---------------------|------|---------|-------------------------|-----------------------|--------------------------|
| LO1 |                                |                     |      |         |                         |                       |                          |
| LO2 |                                |                     |      |         |                         |                       |                          |
| LO3 |                                |                     |      |         |                         |                       |                          |
| LO4 |                                |                     |      |         |                         |                       |                          |

# 11. CO wise Assessment Activities:

Based on CO-PO mapping, determine targets for each CO as average of targets of all relevant POs.

| CO  |     |     |     |     |     |     | PO  |     |     |      |      |      | Avg.          |      | PSO  |      |
|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|------|------|------|---------------|------|------|------|
|     | PO1 | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 | PO8 | PO9 | PO10 | PO11 | PO12 | CO<br>Targets | PSO1 | PSO2 | PSO3 |
| CO1 |     |     |     |     |     |     |     |     |     |      |      |      |               |      |      |      |
| CO2 |     |     |     |     |     |     |     |     |     |      |      |      |               |      |      |      |
| CO3 |     |     |     |     |     |     |     |     |     |      |      |      |               |      |      |      |
| CO4 |     |     |     |     |     |     |     |     |     |      |      |      |               |      |      |      |
| CO5 |     |     |     |     |     |     |     |     |     |      |      |      |               |      |      |      |
|     |     |     |     |     |     |     |     |     |     |      |      |      |               |      |      |      |

#### 12. Activity wise Assessment Tools:

This gives you generalized view of different direct and indirect tools those can be used for assessment / achievement of CO/PO. (Decide which tools are required for assessing a particular CO/LO and in reference to Course A, B, C difficulty level).

| Sr. No.      | Activity                   | Assessment    | Tools   | Weightage | Recommendation |
|--------------|----------------------------|---------------|---------|-----------|----------------|
|              |                            | Method        |         | Marks     |                |
| 1.           | Pre-Mid Term 1             | Direct        | Marks   | 10        | For CO         |
| 2.           | Post-Mid Term 1            | Direct        | Marks   | 10        | For CO         |
| 3.           | Quiz 1                     | Direct        | Marks   | 10        | For CO         |
| 4.           | Quiz 2                     | Direct        | Marks   | 10        | For CO         |
| 5.           | Pre Mid Term 2             | Direct        | Marks   | 10        | For CO         |
| 6.           | Post Mid Term 2            | Direct        | Marks   | 10        | For CO         |
| 7.           | Mid Term 1                 | Direct        | Marks   | 20        | For CO         |
| 8.           | Mid Term 2                 | Direct        | Marks   | 20        | For CO         |
| 9.           | Assignment 1               | Direct        | Marks   | 10        | For CO         |
| 10.          | Assignment 2               | Direct        | Marks   | 10        | For CO         |
| 11.          | Workshop                   | Indirect      | Rubrics | 5         | For LO         |
| 12.          | Seminar/ SPL               | Indirect      | Rubrics | 5         | For CO/LO      |
| 13.          | Project (Mini or NSP)      | Indirect      | Rubrics | 20        | For LO         |
| 14.          | Discussion                 | Indirect      | Rubrics | 5         | For LO         |
| 15.          | Training                   | Indirect      | Rubrics | 20        | For LO         |
| 16.          | Industrial Visit           | Indirect      | Rubrics | 20        | For LO         |
| 17.          | Or any other activity      | Direct/       | Marks/  | any       | For LO         |
|              |                            | Indirect      | Rubrics |           |                |
| 18.          |                            |               |         |           |                |
|              | For every rubrics you need |               |         |           |                |
| criteria, ra | nge of marks or weightage  | - above value | s are   |           |                |
| indicative   |                            |               |         |           |                |

#### 13. CO Assessment Process:

After every activity (Ideally as per above table): (Frequency of Assessment- Can be taken as monthly). So the assessment can be for all activities held during the month. Do the following.

#### 13.1 Attainment of COs

13.1.1 Attainment Table for CO1: 3ECEA101.1

| CO1: 4E | ECEA101.1               | : Attair     | ment Table         | e (Colur     | nns) A     | s Applicab     | ole CO     | wise-Mo       | onthly                 |
|---------|-------------------------|--------------|--------------------|--------------|------------|----------------|------------|---------------|------------------------|
| Student | Pre Mid I<br>Test<br>10 | Quiz 1<br>10 | Assignment 10      | Quiz 1<br>10 | WS<br>10   | Training<br>10 | Total (60) | % 0f<br>Marks | Level of<br>Attainment |
| Name1   |                         |              |                    |              |            |                |            |               | 3                      |
| Name2   |                         |              |                    |              |            |                |            |               | 2                      |
| Name 3  |                         |              |                    |              |            |                |            |               | 1                      |
| Name 4  |                         |              |                    |              |            |                |            |               | 2                      |
| Name 5  |                         |              |                    |              |            |                |            |               | 1                      |
| Name 6  |                         |              |                    |              |            |                |            |               | 2                      |
|         |                         |              |                    |              |            |                |            |               |                        |

(Repeat it for all other COs, (CO2 – CO5))

# 13.1.2 CO-Gap Identifications

| COs      | CO 1 | CO 2 | CO 3 | CO4 | CO5 |
|----------|------|------|------|-----|-----|
| Target   |      |      |      |     |     |
| Achieved |      |      |      |     |     |
| Gap      |      |      |      |     |     |

## 13.1.3 Gaps Identified:

Describe what the reasons for gaps are

i.

ii.

Overall CO Attainment Table: Example

| COs   | CO 1 | CO 2 | CO 3 | CO4 | CO5 | Co6 |
|---|------|------|------|-----|-----|-----|
| Attainment level as per rules                     |      |      |      |     |     |     |
| set   | 3    | 1    | 3    | 3   | 3   | 3   |
| Average CO attainment through internal assessment |      |      | 2    | 67  |     |     |

## 13.1.4: Activities Decided to bridge the gap

Please do analyze whether you could get improvement through activities decided and conducted for improvements. Reason should be noted why / how it is improved or not.

#### 13.2 Attainment of POs & PSO:

13.2.1 Target-Expected Attainment of PO by attainment of CO- Put all mappings of 3, 2 and 1. Based on CO-PO mapping, determine targets for each PO as average of targets of all relevant COs.

| CO                                      |         |         |         |         |         | F       | Ю       |         |         |         |         |         |         | PSO     |         |
|---|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
|   | PO1     | PO2     | PO3     | PO4     | PO5     | PO6     | PO7     | PO8     | PO9     | PO10    | PO11    | PO12    | PSO1    | PSO2    | PSO3    |
| 4ECEA101.1                              |         |         |         |         |         |         |         |         |         |         |         |         |         |         |         |
| 4ECEA101.2                              |         |         |         |         |         |         |         |         |         |         |         |         |         |         |         |
| 4ECEA101.3                              |         |         |         |         |         |         |         |         |         |         |         |         |         |         |         |
| 4ECEA101.4                              |         |         |         |         |         |         |         |         |         |         |         |         |         |         |         |
| 4ECEA101.5                              |         |         |         |         |         |         |         |         |         |         |         |         |         |         |         |
| Obtain<br>Average-<br>PO/PSO<br>Targets | Targets |

# 13.2.2 Attainment of POs & PSO through CO as Continuous Evaluation:

Put all attainment values of CO as per mappings with 3, 2, 1 as evaluated in 13.1.1 (Frequency- Monthly)

| CO                                  |          |          |          |          |          | P        | O        |          |          |          |          |          |          | PSO      |          |
|-------------------------------------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|
|                                     | PO1      | PO2      | PO3      | PO4      | PO5      | PO6      | PO7      | PO8      | PO9      | PO10     | PO11     | PO12     | PSO1     | PSO2     | PSO3     |
| 4ECEA101.1                          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |
| 4ECEA101.2                          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |
| 4ECEA101.3                          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |
| 4ECEA101.4                          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |
| 4ECEA101.5                          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |          |
| Obtain Avg.<br>PO/PSO<br>Attainment | Achieved |

# 13.2.3 PO Gap Identification:

|          |     |     |     |     |     | P   | O   |     |     |      |      |      | PSO  |      |      |

| Mark X for absent- Take avg. | of all present         |               |                           |
|                              |                        |               |                           |

#### 13.3.1 Attainment of CO through RTU Component:

| CO: Course Co | ode: Course | Name |  |  |
|---------------|-------------|------|--|--|
| Target        |             |      |  |  |
| Achieved      |             |      |  |  |
| Gap           |             |      |  |  |

#### 13.3.1 Gaps for CO attainment through RTU Component:

Analyze RTU Question paper with respect to COs formulated, contents delivered and students examined, find out reasons for gaps

i.

ii.

#### 13.3.2 Action to be taken:

Prepare recommendations for improvement in planning & teaching for gaps identified.

#### 13.4 Attainment of PO through CO (RTU) Component

Put RTU Results as per target achieved only and mapping level, in following table

|           | Attainment of PO through CO (RTU) Component |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
|-----------|---|-----|-----|-----|-----|-----|-----|-----|-----|------|------|------|------|------|------|
| CO PO PSO |   |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
|           | PO1   | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 | PO8 | PO9 | PO10 | PO11 | PO12 | PSO1 | PSO2 | PSO3 |
| 4ECEA101  |   |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
|           |   |     |     |     |     |     |     |     |     |      |      |      |      |      |      |

|          | Attainment of PO through CO (RTU) Component |        |     |     |     |     |     |     |     |      |      |      |      |      |      |
|----------|---|--------|-----|-----|-----|-----|-----|-----|-----|------|------|------|------|------|------|
| 4ECEA101 |   | PO PSO |     |     |     |     |     |     |     |      |      |      |      |      |      |
|          | PO1   | PO2    | PO3 | PO4 | PO5 | PO6 | PO7 | PO8 | PO9 | PO10 | PO11 | PO12 | PSO1 | PSO2 | PSO3 |
| Targets  |   |        |     |     |     |     |     |     |     |      |      |      |      |      |      |
| Achieved |   |        |     |     |     |     |     |     |     |      |      |      |      |      |      |
| Gap      |   |        |     |     |     |     |     |     |     |      |      |      |      |      |      |

#### 13.4.1 Gaps in PO through CO from RTU component:

Analyze RTU Question paper with respect to COs formulated & mapped, contents delivered and students examined, find out reasons for gaps

Describe what are the reasons for gap i.

ii.

#### 13.4.2 Action to be taken:

Prepare recommendations for improvement in planning & teaching for gaps identified.

## 13.5 Overall Attainment of PO & PSO: Through Continuous Assessment & RTU

While combining attainment through Continuous evaluation and RTU component, following weightage be considered.

- 1. Internal Assessment Total weightage- 40 %
- 2. RTU Component ----- Weightage 60 %

Put all attainments in the following table and compute.

13.5.1: Table 1

|             | RTU Compon                                 | ent           |                                   | Internal            | Assessme      | ent                        |                |                        |

## 13.5.4: Overall Gaps for Attainment of PO and PSO from the Course

Put Overall PO & PSO targets & attainment as per mapping 3, 2, and 1 above:

| Attainment of | Attainment & Gap of Overall PO Session |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
|---------------|--|-----|-----|-----|-----|-----|-----|-----|-----|------|------|------|------|------|------|
| 4ECEA101      |  | PO  |     |     |     |     |     |     |     |      | PSO  |      |      |      |      |
|               | PO1                                    | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 | PO8 | PO9 | PO10 | PO11 | PO12 | PSO1 | PSO2 | PSO3 |
| Targets       |  |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
| Achieved      |  |     |     |     |     |     |     |     |     |      |      |      |      |      |      |
| Gap           |  |     |     |     |     |     |     |     |     |      |      |      |      |      |      |

## 13.5.5. Overall Gaps for Course taught:

Go through all gaps identified above and summarize. Describe what the reasons are.

i.

ii.

#### 13.5.6 Action to be taken:

Prepare recommendations for improvement in planning & teaching (Internal & RTU) for gaps identified. Decide Activities to be conducted to bridge the gaps in COs.

Repeat whole process after One year before, Two year before, and thee year before. Plot bar charts for Continuous improvements check in CO, PO & PSO. (Every Year).

| 1                           |               |         |           |            |                            |  |  |  |  |
| 2                           |               |         |           |            |                            |  |  |  |  |

- b). Journals & Handbooks: To give information about different Journals & Handbooks available in library related to the subject and branch.
- c). Associations and Institutions: To give information about different Associations and Institutions related to the subject and branch.

#### 8). Syllabus Deployment: -

a). Total weeks available for academics (excluding holidays) as per Poornima Foundation calendar-

| Semester                               |  |
|--|--|
| No. of Working days available(Approx.) |  |
| No. of Weeks (Approx.)                 |  |

Total weeks available for special activities (as mentioned below)- 02 weeks (Approx.)

Note: Individual faculty must calculate the exact no. of lectures available according to time table etc. after consultation with HOD.

- b). Special Activities (To be approved by HOD & Dean & must be mentioned in deployment):
  - Open Book Test- Once in a semester
  - · Quiz Once in a semester
  - Special Lectures (SPL)- Minimum 10% of total no. of lectures including following
    - Smart Class by the faculty, who is teaching the subject
    - ii. SPL by expert faculty at PGC level
    - iii. SPL by expert from industry/academia (other institution)
  - Revision classes (Solving Important Question Bank):- 1 class before Mid Term and 2 classes before End Term Exam
- c). Lecture schedule per week
  - i). University scheme (L+T+P) = ...+....+.....

| Sr.<br>No. | Name of Unit | No. of<br>lectures | <br>Degree of difficulty<br>(High/Medium/Low) | Text/ Reference<br>books |
|------------|--------------|--------------------|---|--------------------------|
| 1.         |              |                    |   |                          |
| 2.         |              |                    |   |                          |
| 3.         |              |                    |   |                          |
| 4.         |              |                    |   |                          |
| 5.         |              |                    |   |                          |

- d). Introduction & Conclusion: Each subject, unit and topic shall start with introduction & close with conclusion. In case of the subject, it is Zero lecture.
- e). Time Distribution in lecture class: Time allotted: 60 min.
- First 5 min. should be utilized for paying attention towards students who were absent for last lecture
  or continuously absent for many days + taking attendance by calling the names of the students and
  also sharing any new/relevant information.

- ii. Actual lecture delivery should be of 50 min.
- iii. Last 5 min. should be utilized by recapping/ conclusion of the topic. Providing brief introduction of the coming up lecture and suggesting portion to read.
- iv. After completion of any Unit/Chapter a short quiz should be organized.
- v. During lecture student should be encouraged to ask questions.

**Note:** Pl. ensure that each student is having Lecture Note Book. Also, write on the black board day and date, name of the teacher, name of subject with code, unit and lecture no. and topics to be covered at the beginning of each lecture and ensure that students write in lecture note book. Ask students to leave 4/5 pages blank for copying the note from fellow students in case of their absenteeism.

## 9). Tutorial: - An essential component of Teaching- Learning process in Professional Education.

Objective: - To enhance the recall mechanism.

To promote logical reasoning and thinking of the students.

To interact personally to the students for improve numerical solving ability.

a). Tutorial processing: - Tutorial sheet shall be provided to each students

Ist Phase: - It is consisting of questions to be solved in the class assignment session in test mode on perforated sheet given in tutorial notebook and to be collected & kept by respective faculty for review & analysis (20 minutes).

II<sup>nd</sup> Phase: - Indicating/Initializing the weak issues/ drawback and Evaluating and providing the grade. Making a group with good student for assisting the weak students to explain/solve questions by every student on plain papers given in tutorial note book (20 minutes).

III<sup>rd</sup> Phase: - Solving/ explaining difficulties of lecture class and providing the new home assignment (20 minutes). To be done in tutorial note book.

- b). Home assignment shall comprise of two parts:
  - Part (i) Minimum essential questions, which are to be solved and submitted by all with in specified due date.
  - Part (ii) Other important questions, which may also be solved and submitted for examining and guidance by teacher.

#### 10). Examination Systems:

#### A. FOR ALL THEORY COURSES:-

| a. Continuous Internal Evaluation (CIE)                       | 20%   |
|---|-------|
| -Assignment / Project / Papers / Essays / Class Participation | 10%   |
| -Quiz / Class Test (Announced / Unannounced)                  | 5%    |
| - Attendance and Discipline                                   | 5%    |
| b. Mid Semester Exams (MSE) – Two                             | 20%   |
