### ASSESSMENT TOOLS:

- Verbally questioning and answering to the participants.
- Surveying.
- Open discussion.

### DETAILS OF ACTIVITY:

The Department of Computer Engineering, Poornima College of Engineering, Jaipur, organized a Session on **“Professional Ethics”** 7 October, 2023. Navigating the ethical landscape in computer engineering involves grappling with complex moral considerations that impact your work. These issues include data privacy, security, algorithmic fairness, and responsible AI use. When you approach these ethical challenges with a proactive mindset, you view ethical practices as dynamic and integral to your professional development. This perspective means you believe

that ethical knowledge and decision-making skills can be continually improved through learning and experience. Each ethical dilemma becomes an opportunity to deepen your understanding and enhance your commitment to integrity.

**Objective:**

The main objective in navigating professional ethics in computer engineering is to recognize the differences between proactive and reactive ethical approaches. A proactive approach views ethical standards as dynamic and capable of improvement through ongoing learning and experience, encouraging professionals to integrate ethical considerations into their daily practices and see each challenge as a growth opportunity. In contrast, a reactive approach treats ethical principles as static and unchanging, addressing ethical issues only when they become problematic. Understanding these approaches helps computer engineers effectively manage ethical complexities and uphold high standards within their field.

**Expert Session Content:**

- How to growth mindset are apt to see challenges as a natural part of the learning process.
- How to assume abilities and understanding are relatively fixed.

**Expected outcomes:**

- To develop the right mindset for improving your intelligence.

**Resources Persons:**

- **Dr. Vineet Mathur, Assoc. Prof, Dep. Of management, IMS, Bikaner**

## FEEDBACK / ATTAINMENTS:

The overall feedback from the students was excellent. Participants has given positive remarks about session and wanted to havesuch session to develop well defined society.

## FEEDBACK ANALYSIS

Content of the workshop is rated as

- a. Excellent by 80.5% of participants
- b. Good by 10.5% of participant
- c. 6.5% say needs improvement
- d. 2.5% have not responded

Presentationof the workshop is rated as

- a. Excellent by 90.5% of participants
- b. Good by 09.5% of participants

Management/ Administration of the workshop is rated as

- a. Excellent by 67.59% of participants

- b. Good by 28.7% of participants
- c. 3.7% say need improvement

**Overall Workshop is rated as**

- a. Excellent by 79.26% of participants
- b. Good by 20.74% of participants

**How could this workshop be improved?**

- 1. Workshop required more content & new research work can be shared in future
- 2. Focus should be on basic than advanced level.

**Any other comments / suggestions**

- 1. We would like to have such more workshops in future.

**DETAILS OF ACTIVITY:**

The Department of Computer Engineering, Poornima College of Engineering, Jaipur, organized a Session on “Active Listening and Feedback Skills for Computer Engineers: Improving Team Dynamics and Performance” 8 April 2024. The "Active Listening and Feedback Skills for Computer Engineers" workshop features interactive activities to enhance communication and improve team dynamics. Participants begin by practicing active listening techniques through real-life scenario exercises. They then engage in role-playing sessions focused on giving and receiving constructive feedback. Peer evaluation forms allow team members to provide insights on each other's skills, while self-reflection journals help participants document their growth. Group discussions and case studies further reinforce learning by analyzing real-world examples of effective communication in action. Overall, the workshop aims to equip engineers with essential skills for better collaboration and productivity.

## OBJECTIVE:

The objective of the "Active Listening and Feedback Skills for Computer Engineers" workshop is to equip participants with essential communication skills that enhance team dynamics and performance. By focusing on active listening and constructive feedback, the workshop aims to foster a collaborative environment where engineers can effectively navigate challenges, resolve conflicts, and improve interpersonal relationships. Ultimately, the goal is to promote a culture of open dialogue and continuous improvement within teams, leading to increased productivity and innovation in the workplace.

## EXPERT SESSION CONTENT:

- **Active Listening Principles:** Define and discuss importance.
- **Feedback Fundamentals:** Explore constructive vs. destructive feedback; introduce SBI model.
- **Role-Playing Exercises:** Practice giving and receiving feedback in scenarios.
- **Peer Evaluation:** Assess listening and feedback skills among participants.
- **Group Discussions:** Analyze real-world case studies on communication impact.

## EXPECTED OUTCOMES:

- *Improved active listening skills that enhance communication effectiveness within teams.*

## LEARNING OUTCOMES:

- Students got to learn the significance and importance of ethics in life
- Students learnt the standards of personal and professional behavior
- It helped them to know how to work in corporate world in future in a very well-disciplined manner and also increases their recognition capacity
- It also enhanced their moral reasoning and ethical theories and also taught them to respect everyone and to increase their capability

## DETAILS OF ACTIVITY:

The motivational session on Passion- Profession- Perfection was conducted by **Dr. Neha Pareek** who is an academican, anchor, writer and motivational speaker for the new entrants on Sep. 19, 2023. The presenter who herself is a source of motivation to students gave encouraging examples from her own life and inspired students to be passionate for their work. She explained that passion in any profession thrives to perfection which ultimately drives towards success. She discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. She insisted that Passion derives from emotions and is the motivation that makes us feel good about what we do. There is a sense of thrill and excitement, a belief that doing what we love would mean putting our every fibre into what needs to be done. Passion has to do more with your heart than your head. We need the heart element to reach our full potential because our intellectual capacity and skills can only take us so far. She further explained that being passionate is a result of feelings, and our feelings change all the time. What if passion – too much and then too little – leads to burnout? We are bound to have rough days at work, days we feel unable to navigate our myriad tasks. In that case we should work with perseverance. For example, some of us might “stumble” into jobs we probably have little or no interest in. But along the way we discover we are indeed good at our jobs, and start to care about the outcomes. We grow feelings for the work we do. This session helped students to be guided by a positive mind and driven by self-motivation. Becoming passionate and developing passion for our jobs is a better path to take.

## DETAILS OF ACTIVITY:

Poornima College of Engineering hosted an expert talk on professional ethics, featuring Dr Sarveen Kaur Sachdeva, as the esteemed speaker. The event aimed to delve into critical issues surrounding professional conduct and ethical dilemmas faced by individuals in various fields. Dr Sarveen, a distinguished figure in the domain of ethics, delivered a thought-provoking discourse on the nuances of professional ethics. Drawing from her extensive experience, She elucidated upon the importance of ethical decision-making in contemporary professional settings. Her insights resonated deeply with the audience, prompting introspection and critical analysis. Following the keynote address, an interactive session ensued, providing attendees with the opportunity to engage directly with Dr Kaur. Participants posed insightful questions and shared personal anecdotes, fostering a dynamic exchange of ideas and perspectives. The session proved to be intellectually stimulating, enriching the overall learning experience. The event incorporated case studies and practical scenarios to illustrate ethical challenges encountered in diverse professions. Through collaborative analysis and group discussions, attendees gained valuable insights into ethical decision-making processes and strategies for navigating complex ethical dilemmas

The expert talk on professional ethics, featuring Dr Kaur as the keynote speaker, proved to be a resounding success. By addressing pertinent issues and fostering constructive dialogue, the event underscored the significance of ethical conduct in shaping responsible and sustainable professional practices. Poornima College of Engineering remains committed to promoting ethical awareness and fostering a culture of integrity within its academic community and beyond.

## **DETAILS OF ACTIVITY:**

The Department of Advance Computing, Poornima College of Engineering, Jaipur, organized a Session on “Gratitude Gathering: Cultivating Appreciation in Daily Life” 30 September, 2023. The Gratitude Gathering is a community activity designed to foster appreciation and mindfulness among participants. It begins with an opening circle where the importance of gratitude is introduced, followed by a brief reflection time for individuals to write down three things they are grateful for that week. Participants then share their reflections with the group, either in pairs or as a whole, creating a sense of connection. A gratitude jar is provided for anonymous notes, allowing for continued sharing throughout the gathering. The event concludes with a closing circle that may include a moment of silence or a group affirmation focused on gratitude. This activity not only enhances emotional well-being but also strengthens community bonds and promotes positive thinking.

### **Objective:**

The objective of the Gratitude Gathering is to cultivate a sense of appreciation and mindfulness within a community setting. By encouraging participants to reflect on and share their grateful experiences, the gathering aims to enhance emotional well-being, strengthen social connections, and foster a positive outlook on life. Through shared reflections and collective expressions of gratitude, participants can create a supportive environment that reinforces the importance of gratitude in daily life.

## Expert Session Content:

- **Understanding Gratitude and Its Benefits:** Enhance emotional well-being and resilience while strengthening social connections.
- **Recognizing Obstacles to Gratitude:** Identify negative thinking patterns and shift perspectives to embrace appreciation.
- **Practical Techniques for Cultivating Gratitude:** Keep a gratitude journal, share daily appreciations, and use mindfulness to notice positive moments.

## Expected outcomes:

- Increased awareness of the importance of gratitude in daily life.
- Enhanced emotional well-being and resilience among participants.
- Improved ability to recognize and overcome negative thinking patterns.
- Development of practical gratitude practices that can be integrated into daily routines.
- Strengthened social connections through shared expressions of appreciation.
