## DETAILS OF ACTIVITY:

The Department of Computer Engineering, Poornima College of Engineering, Jaipur, organized a Session on “Human Values” 30 September 2023. Human values are the core values that make up our personality and define how we act in life. These values are very important as they make up who we are and are what guide us through life. The values that we hold determine who we want to be as well as how we live our lives and the decisions that we make on an everyday basis. Without these values, our lives would become chaotic and there would be no meaning behind any of the things that we do or say.

All humans have these values in some way or another, and it is up to us to choose which values we hold most dear. The 20th century philosopher Martha Nussbaum puts forth a list of ten innate human values: truth, beauty, justice, courage, temperance, wisdom, love, equality, modesty and hope. These are values that all humans should try to uphold as they go through their day-to-day lives.

## OBJECTIVE:

The main objectives of promotion of Ethics and Human Values are as under:

- 1) To create awareness, conviction & commitment to values for improving the quality of life through education, and for advancing social and human well-being.
- 2) To develop interaction between society and educational institutions.
- 3) To sensitize the citizens so that the norms and values of human rights and
- 4) Duties education programme is realized.
- 5) To encourage research activities.
- 6) To encourage research studies concerning the relationship between Human
- 7) Rights and Duties Education and International Humanitarian Law.

### **EXPERT SESSION CONTENT:**

Professionally accepted standards of personal and business behaviour, values and guiding principles. Codes of professional ethics are often established by professional organizations to help to guide members in performing their job functions according to sound and consistent ethical principles. Professional ethics may be understood as professionally acknowledged measures of individual and business conduct, values, and guiding principles. Professional ethics is nothing but a code of conduct applicable to different professions and is set up by the expert members of such profession or professional organizations. The underlying philosophy of having professional ethics is to make the persons performing in such jobs to follow the sound, uniform ethical conduct. Hippocratic Oath undertaken by medical students is one such example of professional ethics that is adhered by even today. Some of the important components of professional ethics that professional organizations necessarily include in their code of conduct are integrity, honesty, transparency, respectfulness towards the job, confidentiality, objectivity etc.

### **EXPECTED OUTCOMES:**

These values lead to mutual fulfillment and happiness in all our relationships. Justice (Nyaya): Justice is the recognition of values (the definite feelings) in relationship, their fulfilment, the right evaluation of the fulfilment resulting in mutual happiness.

1. Focus should be on basic than advanced level.
2. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

**Any other comments / suggestions**

1. We would like to have such more Lectures in future
2. Language fundamental can be enhanced in effective manner.

### DETAILS OF ACTIVITY:

The Department of Advance Computing, Poornima College of Engineering, Jaipur, organized a Session on “Harmonizing Technology and Humanity: Ethics and Human Values in the Digital Age” 29, March, 2024. Even though technology has brought great benefits to current society, there are also indications that the manner in which people use technology has undermined their humanity in some respects. In this activity the expert frame human nature in terms of four dimensions: cognition, social interaction, emotion, and ethics. We argue that while basic human nature remains constant, the four dimensions are molded to some extent by interaction with our environment, particularly through the use of technology. As a powerful factor, we need to use technology in a way that human cognition, social interaction, emotion, and ethics are supported and not seriously disturbed by digital devices. Education can be a means of helping learners use technology in a positive way, minimizing its negative potential. This session shows how people’s choice and level of interaction with technology can allow them to live in harmony with technology. It also points to possible directions to teach healthy coexistence with technology.

### OBJECTIVE:

The main objective of Harmonizing Technology and Humanity: Ethics and Human Values in the Digital Age applying decision-making theory, increasing self-awareness, teaching academic honesty, and responding to problems with technology addiction through impulse control training and other programs.

### EXPERT SESSION CONTENT:

- How to Harmonizing Technology and Humanity are apt to see challenges as a natural part of the learning process.
- How to assume abilities and understanding are relatively fixed.

### EXPECTED OUTCOME:

- To develop the right mindset for adopting harmony with Technology.

## FEEDBACK / ATTAINMENTS:

The overall feedback from the students was excellent. Participants has given positive remarks about session and wanted to have such more session on Harmonizing Technology and Humanity: Ethics and Human Values in the Digital Age.

### Feedback Analysis

Content of the workshop is rated as

- a) Excellent by 86.67% of participants
- b) Good by 10.25% of participants
- c) 0.62% say needs improvement
- d) 2.47% have not responded

Presentation of the workshop is rated as

- a) Excellent by 87.78% of participants
- b) Good by 12.22% of participants

### Management/ Administration of the workshop is rated as

- a) Excellent by 87.59% of participants
- b) Good by 08.7% of participants
- c) 3.7% say need improvement

### Overall Workshop is rated as

- a) Excellent by 79.26% of participants
- b) Good by 20.74% of participants

### How could this workshop be improved?

- 1. Focus should be on basic than advanced level.
- 2. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

### Any other comments / suggestions

- 1. We would like to have such more workshops in future
- 2. Language fundamental can be enhanced in effective manner.

## DETAILS OF ACTIVITY:

The Department of Computer Engineering at Poornima College of Engineering, Jaipur, hosted a session on “Self-Reflection and Growth: Personal Development Through Human Values” on 30 March, 2024. The focus of the session was on the crucial role human values play in personal development and how they contribute to continuous growth.

Participants who engage in self-reflection understand personal development as an evolving journey, guided by self-examination and the application of essential values like empathy, integrity, and resilience. For these individuals, every challenge becomes an opportunity to learn and grow, approaching personal development with an open and adaptable mindset.

In contrast, those who do not practice self-reflection may perceive personal growth as fixed and unchanging. This static view can lead to missed opportunities for advancement and a disconnect from the values that drive meaningful progress.

Sitapura, JAIPUR

The objective of the session on “Self-Reflection and Growth: Personal Development Through Human Values” was to emphasize the importance of integrating core human values—such as empathy, integrity, and resilience—into personal development practices. The session aimed to:

**Highlight the Role of Self-Reflection:** To demonstrate how self-reflection can drive personal growth by encouraging individuals to continually assess and improve their actions and decisions. **Contrast Growth and Fixed Mindsets:** To differentiate between dynamic, growth-oriented approaches and static, fixed views of personal development, illustrating how adopting a growth mindset can enhance learning and adaptability.

**Promote Human Values:** To show how incorporating essential human values into daily practices can lead to more meaningful and ethical personal and professional progress.

**Encourage Continuous Improvement:** To motivate participants to view challenges as opportunities for learning and development, fostering an environment of ongoing self-improvement and ethical behavior.

#### **EXPERT SESSION CONTENT:**

- How to growth mindset are apt to see challenges as a natural part of the learning process.
- How to assume abilities and understanding are relatively fixed.

#### **EXPECTED OUTCOMES:**

- To develop the right mindset for improving your intelligence.

#### **RESOURCES PERSONS:**

- **Mr. Keshav Kaushik, Assistant Professor, Amity University Punjab**
