The First Party & Second Party hereby establish a Memorandum of Understanding (MoU) with regard to a Women Internship Program (hereafter Internship Program) facilitating the First Party acceptance of students as Interns from Second Party.

About the Project

Rajasthan Secondary Towns Development Sector Project (RSTDSP), Phase-IV of RUIDP seeks to improve water supply and Sanitation (WSS) services in Secondary Town¹ and heritage towns with population between 20,000- 1,15,000 through a sector loan from Asian Development Bank (ADB).

Details of the Internship Program

Internship Program is designed to allow women who have recently completed their studies or will soon complete their studies to gain valuable work experience in their respective technical fields and explore a career path in urban development, including the urban water supply and sanitation sector. Women from Scheduled Castes and Scheduled Tribes are encouraged to apply.

The internship would be of about 6-week duration in line with the typical internship requirement of the engineering colleges. The exposure gained during the six-week internship would give them an edge in the job market, a professional network, an opportunity to apply and gain new skills, confidence while starting their job search or deciding on further degrees to be pursued.

The students shall be engaged as per expertise and educational stream. RUDSICO-EAP has identified few key areas of engaging the students. Each Intern would be allocated a mentor at the time of induction in line with their respective field. She has to work under the direct supervision of mentor.

Location for Internship shall be 14 project towns of Tranche-I (Abu Road, Banswara, Didwana, Fatehpur, Khetri, Kuchaman City, Ladnun, Laxmangarh, Makrana, Mandawa, Pratapgarh, Ratangarh, Sardarshahar & Sirohi) and RUIDP HQ Jaipur or as decided by first party.

This is purely an internship program and does not provide any type of employment or guarantee for any employment in future.

Roles & Responsibilities of Parties:

First Party – RUDSICO–EAP

Memorandum of Understanding

This Memorandum of Understanding (MoU) is entered into and is effective as of November 2023 by and between CGC, which is an independent non-profitable association stressing on its global leadership and potential in fulfilling communication needs of the society and ushering it into the cross-/ inter-disciplinary multi-business modeling era, and Poornima College of Engineering (PCE)

CGC and Poornima College of Engineering (PCE) shall be known collectively as the **“Parties”** and singularly as **“a Party”** or **“the Party”**.

Recitals

Whereas, cordial relations exist between CGC, and Poornima College of Engineering (PCE); and,

Whereas, Poornima College of Engineering (PCE), and CGC have discussed mutual goals regarding academic opportunities for students and faculty; and,

Whereas, CGC and Poornima College of Engineering (PCE) desire to establish a program to be established and formalized at a later date (the “Program”) for the benefit of students of their respective educational institutions;

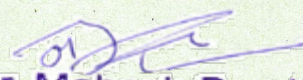

Now, therefore, the Parties enter into this Memorandum of Understanding, in order to memorialize fundamental concepts regarding Program.

Understanding of the Parties

In contemplation of establishment of the Program, the Parties agree as follows:

Article 1 (Objectives)

- A. To contribute further to the regional understanding between both countries through mutual cooperation programs.

Dr. Mahesh Bunde

PREAMBLE

Poornima College of Engineering, the pioneer institute of Poornima Group, was established in 2000 to impart pragmatic technical education. In its magnificent journey of 23 years, PCE has set benchmarks and reached new pinnacles in engineering education with dedication, perseverance, and devotion with student strength of approx. 2,500 studying ten specializations of engineering (CSE, CSE (AI), AI & DS, CSE (Cyber Security, CSE (Regional Language), ECE, EE, ME, Civil & IT). With more than 3.5 Lakh square feet of built-up area, highly qualified faculties, state-of-the-art infrastructure, good placements, and an industry-led curriculum, PCE is marching ahead of others with tremendous growth since its inception. PCE is spearheading its outstanding voyage with the motto 'Success is not a destination, it's a journey'. Poornima College of Engineering, Jaipur has been ranked 2nd under the QIV Ranking of Rajasthan Technical University, Kota since 2017. The QIV Ranking is based primarily on Academics, University results, Placements, and alumni. PCE has implemented Outcome Based Education systems and processes to strategically monitor the progress of every individual student right from admission to exit. There are beyond curriculum contents and activities planned yearly to bridge the gap between industry and academia. This has been demonstrated through continuous enhancement in placement number and package.

Founded in 1981 by the Vasavi Academy of Education, **Vasavi College of Engineering** represents a rich tradition of excellence in technology-based education. A premier-league institution among the affiliates of Osmania University, Vasavi College of Engineering owes its vision to Late Sri Pendekanti Venkata Subbaiah, a veteran statesman of Independent India. Vasavi College of Engineering, in its 42 years of existence, is a reputed institution in the State of Telangana. The college is accredited by NAAC with an 'A++' Grade. The college offers seven UG (Civil, Mechanical, ECE, CSE, CSE AI & ML, EEE, and IT) with a total sanctioned intake of 780 and 4 PG programs (ME (ES & VLSI); ME (CE & SP); ME (AD&M), and M.Tech. (CSE)) with total sanctioned intake of 48. Located in the sylvan suburbs of Ibrahimbagh in Hyderabad, Vasavi College of Engineering presents a picturesque view flanked by the glorious Golconda Fort situated over a sprawling 12.7-acre campus with lush lawns, a beautiful landscape, aesthetic architecture, and state-of-the-art infrastructure, the College

epitomizes an exemplary setting for higher learning. With dedicated efforts over four decades, the College has emerged as a Centre of Excellence in engineering education.

Building purposive partnerships with the industry, bolstering its wherewithal continually, and evolving innovative programs consistent with changing times, Vasavi College of Engineering strives to maintain its pre-eminent position. The college has been granted autonomy by the University Grants Commission, New Delhi, and Osmania University, Hyderabad for all the programs for a period of six years with effect from 2014-15 and has been extended for a period of ten years up to 2030-2031. Five UG Programs (Civil, CSE, ECE, EEE & Mech.) applied for NBA Accreditation under Tier-I and have been Accredited for 3 years with effect from 2021-22.

WHEREAS, both Poornima College of Engineering and Vasavi College of Engineering now recognize the importance of research and development in the field of various engineering branches imparting training to the engineering/technology/students, etc. Appreciating the need for the creation of a large reservoir of highly qualified manpower in all fields related to Research and development activities desiring to club their efforts by pooling their expertise and resources for various academic events like seminars, webinars, workshops, conferences,

INTEND to form a nucleus for promoting excellent quality manpower in the fields of engineering, technology, and sciences with special emphasis on various academic collaborative activities. **NOW, THEREFORE**, in consideration of the mutual promises made herein and of good and valuable consideration, the receipt and sufficiency of which both **Poornima College of Engineering** and **Vasavi College of Engineering** hereby acknowledge, and hereby agree to sign a memorandum of understanding (MOU).

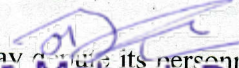

ARTICLE I: SCOPE OF THE MOU

This MOU details the modalities and general conditions regarding collaboration between Poornima College of Engineering and Vasavi College of Engineering for enhancing, within the country, the availability of highly qualified manpower in the academics, R & D, and Training Placement activities including workshops, seminars, conferences, etc. without any prejudice to prevailing rules and regulations in Poornima College of Engineering and Vasavi College of Engineering. The areas of cooperation can be extended through mutual consent.

ARTICLE II: SCOPE AND TERMS OF INTERACTIONS

Both Poornima College of Engineering and Vasavi College of Engineering shall encourage interactions between the Engineers, Scientists, Research fellows, faculty members, and students of both organizations through the following arrangements:

1. Exchange of personnel through deputation as per the rules of the respective institute, for limited periods as mutually agreed upon.
2. Organization of joint conferences and seminars.
3. Practical training of Poornima College of Engineering students at Vasavi College of Engineering.
4. Joint guidance of student projects/thesis in various engineering fields and other areas of interest at Poornima College of Engineering by Vasavi College of Engineering on mutually agreeable terms.
5. Vasavi College of Engineering may depute its personnel as visiting faculty at Poornima College of Engineering to teach any of the regular courses B.E./M.E./Ph.D. topics in offline/online mode.

REVA University, Bangalore is a State Private University established in Karnataka State under the Government of Karnataka Act No. 13 in the year 2012 in Bengaluru, the IT capital of India. The University is recognized by the University Grants Commission (UGC) and is approved by the AICTE (All India Council for Technical Education).

The School of Civil Engineering, REVA University, Bangalore is headed by highly experienced Professors and is supported by well-qualified faculty members. The school has state-of-the-art classrooms and well-equipped laboratories. It offers B. Tech and M. Tech programs in various specialized streams. The school also has a research program leading to a doctoral degree. The curriculum of both graduate and postgraduate degree programs has been designed to bridge the gap between industry and academia and hence they are industry application-oriented. The B. Tech program aims to prepare human resources to play a leading role in the competitive construction field and excel in their endeavors. The Master's Degree programs focus on research and design in core areas such as Computer Aided Structural Engineering, Transportation Engineering and Management, and Construction Technology and Management to supplement and create a sustainable world and enhance the global quality of life by adopting enhanced techniques of design and application. This is reflected in various core subjects offered within the program. Currently, Civil Engineering teaching is limited to planning, analysis, design, and execution of different types of infrastructure like buildings, roads, bridges, dams, and power plants.

WHEREAS, both Poornima College of Engineering, Jaipur, and REVA University, Bangalore
