LEARNING OUTCOMES:

The participants through this session will be able to -

CO1: Students got to learn the significance and importance of health in life

CO2: It encouraged them to lead healthy lives to reduce disease and enhance their quality of life

CO3: It promoted self care among students

CO4: It developed a deep understanding of the essential link between individual and collective health for a sustainable life

CO5: It helped them to know how to keep their liver healthy

DETAILS OF ACTIVITY:

In the global effort to promote better lives and increase awareness around significant health concerns, World Health Day 2024 marks yet another momentous milestone. This day, which falls on April 7th every year, is a powerful reminder of putting our health and well-being first in all aspects of life. World Health Day emphasizes the necessity of group effort, spreading awareness around health, and dedication to adopting good habits and healthy lifestyles as the world continues to struggle with several health issues.

The theme for World Health Day 2024 is “**My Health, My Right.**”

World Health Day 2024 focuses on everyone’s fundamental right to access quality healthcare, regardless of location. The goal is to promote equitable health outcomes and ensure that all individuals have the opportunity to live healthy lives. In compliance of the above program a session on Liver Health was organized on April 8th, 2024 at Poornima College of

Engineering where Dr. Akash Chaudhary was the speaker. Dr. Pankaj Dhemla, Vice- Principal, PCE welcomed the guest.

The awareness session on Liver health was conducted by Dr. Akash Chaudhary MD, DM (Gastroenterology & Hepatology) Associate Professor, Gastroenterology at Mahatma Gandhi Medical College & Hospital, Jaipur. The liver carries out a number of vital tasks relating to immunity, metabolism, digestion and the storage of nutrients in the body. If good care is not taken, the liver can easily get damaged. Maintaining a healthy liver is crucial to overall well-being. Our liver plays a vital role in our body's functioning including detoxifying the blood, regulating hormones and metabolizing drugs. But due to unhealthy food and sedentary life style we damage our liver and bear consequences. Further he provided some tips to keep our Liver healthy. He highlighted on to-

- Consume a healthy, balanced diet
- Limit sugar and salt intake
- Include more green veggies and fresh fruits in your diet
- Maintain a healthy weight in accordance with BMI
- Regular exercise is the key to a healthy lifestyle
- Eat sprouted pulses like mung, matki, black channa, green channa and sprouted wheat, as it greatly increases the liver's cleansing properties.

The session was quite knowledgeable and students asked many questions to the doctor. The session ended with presenting a memento to the guest by Dr. Kuldip Sharma and Dr. Sarveen Kaur Sachdeva as a token of gratitude.
