AN OFFICIAL NEWSLETTER

It gives us immense pleasure to extend our warmest wishes and greetings to all of you. This year, we delve into a theme that resonates deeply with our collective consciousness—sustainability. With a touch of innovation and the limitless potential of OpenAI, we explore the concept of "Sustainability of One world, One family, One Future"

In today's fast-paced world, the need for sustainable practices has become more pressing than ever before. As a responsible educational institution, we understand the importance of addressing the challenges posed by climate change, resource depletion, and environmental degradation. We firmly believe that education and technology can play a vital role in creating a sustainable future for our planet .

OpenAI, with its remarkable advancements in artificial intelligence, offers us an opportunity to unlock new possibilities and find innovative solutions to global challenges. Through the power of OpenAI, we can explore ways to promote sustainable development, foster eco-friendly practices, and create a harmonious coexistence between humanity and the environment. We would like to express our gratitude to the dedicated team behind Poornima College Alumni Society Newsletter, including the editorial board, writers, designers, and photographers, for their relentless efforts in bringing this newsletter to life. Your commitment and creativity is truly appreciable .

We want to inspire you to take action, think innovatively, and become agents of change in creating a sustainable future for our One world, One family, and One Future. We extend our heartfelt gratitude to all the readers for their continued support and belief in the Poornima. Together, we can make a difference and forge a path towards a sustainable tomorrow .

Wishing you an enjoyable and enlightening reading experience!

Mr. Shashikant Singhi
(Chairman, PGC)

Ar. Rahul Singhi
(Director, PGC)

Mrs. Renu Singhi
(Advisor, PCAS)

Poornima College Alumni Society (PCAS) is working hard to connect all alumni of Poornima College of Engineering with their alma mater and get involved for the growth of the Institution. Alumni play a vital role in the growth of the Institution. An educational place acts like a guiding map for students, giving them tools to find their way in the future. It makes us really happy to see our students become successful professionals with a strong feeling of happiness and pride. Over the span of a decade within the Poornima Group, I've been truly fortunate to witness the

transformation of youthful minds into individuals brimming with responsibility and resilience. Our graduates stand as evidence of the transformative power of our institution. They began as students and have blossomed into accomplished professionals, exemplifying our unwavering dedication to excellence. PCAS consistently endeavors to nurture the unbreakable bond with our alma mater, showcasing a harmonious blend of unity and advancement.

Dr. Mahesh M. Bundeale
(Principal & Director, PCE)

As graduates initiate the new chapter of their journey, knowledge and experiences gained within these walls have equipped alumni for the challenges and opportunities that lie ahead. Cherish the memories, friendships, and lessons that have shaped alumni into the individuals they have become. Their journey after college doesn't end here; it's just the beginning of a lifelong pursuit of learning and growth. I also want to express my heartfelt gratitude to alumni society for their unwavering support in keeping the college spirit alive. The connections Poornima College Alumni

Society maintains with the alma mater strengthen the bond between past and present, enriching the college community. As we move forward, remember that alumni are not just graduates of this college, but also members of a diverse and vibrant alumni network. Stay connected and continue to be a source of inspiration for future generations.

Dr. Pankaj Dhemla
(Vice Principal, PCE)

Reflecting on the remarkable journey of our institution, we are reminded of the profound strides we've taken in the realm of education and development. Over the years, our institution has evolved into a vibrant hub of learning, innovation, and growth, where each student's potential is nurtured to bloom. An institution's development is not solely a product of its infrastructure or curriculum; It is the collective effort of a community that extends beyond the classroom walls. This community includes the individuals who once walked these halls as students and have

since blossomed into accomplished professionals – our esteemed alumni. Alumni have carried the torch of our institution's legacy into diverse fields, making their mark as leaders, innovators, and change-makers. Their journeys inspire us, but their role extends far beyond inspiration. The alumni's link to our institution reflects the connection between education and its practical use. Together, we light the way for future generations, ensuring our legacy lives on.

Mrs. Dipti Lodha

(Director Corporate Relations,
Placements & Training, Alumni
Relations)

The core spirit of the Poornima College has always centered around nurturing students and recognizing their innate potential. Through a blend of relentless effort and unwavering commitment, we've risen to prominence as a distinguished educational institution. In recent times, we've all borne witness to the exceptional standard with which we empower our students, propelling them to esteemed positions worldwide. At Poornima, the faculty instills scholars with the ethical foundation needed for a life of excellence. Moreover, the rich heritage of our esteemed

institution is safeguarded by the sheer brilliance of its graduates. These alumni, who excel in various domains, serve as a valuable international asset. Despite the challenges we've collectively weathered, the Poornima College Alumni Society has made dedicated efforts to uphold strong connections with our graduates. Through a series of thoughtfully orchestrated events and gatherings, organized post-pandemic, our bond with the alma mater has been fortified. I extend my heartfelt wishes for the successful release of the upcoming newsletter.

Mr. Amit Gupta

(Chief Proctor, PCE)

In the garden of progress, every bloom is nurtured by unity, much like the petals of a flower opening together to embrace the sunlight. Just as these petals collectively create a breathtaking sight, our institution's journey thrives on the unity that ties us together. Our alumni embody the very spirit of togetherness that makes this garden of progress flourish. They have journeyed far and wide, each carrying a piece of their alma mater's legacy with them. This connection we share has the remarkable power to

shape the path for those who will follow in our footsteps. It's not just a bond; it's the collective sharing of experiences and wisdom. As we walk together through this journey that links our past to our present, I hold a hopeful belief that the next chapter will bring the joyous sound of success to all of us.

Mrs. Alka Raizada
(Faculty Advisor, PCAS)

The core motive of the college has always revolved around sculpting each student by recognizing and harnessing their innate potential. It is with great pleasure that I gaze upon the remarkable transformation of our first-year students who have evolved into accomplished professionals contributing to the success of this esteemed newsletter. Witnessing their growth and development, from eager newcomers to skilled practitioners, fills me with immense pride and satisfaction. In this journey, the Poornima College Alumni Society is like a light that shows the way. They

consistently endeavor to nurture the unbreakable bond with our alma mater, showcasing a harmonious blend of unity and advancement. I extend my heartfelt congratulations to the Poornima College Alumni Society (PCAS) and wish them continued success ahead. Their work reaffirms our commitment to nurturing talent and fostering excellence, while their role as a guiding light reinforces the importance of our alumni community in our collective pursuit of greatness. With this, we look forward to even greater accomplishments in the future as we continue to support and empower our alumni on their journey to success.

Dr. Rekha Nair
(Member, PCAS)

WORDS OF WISDOM

As new branches and twigs naturally extend from a well-nurtured tree, our network has expanded and connected in ways that we could have only imagined. As the President of Poornima College Alumni Society, I am humbled to stand before you, a testament to the collective accomplishments and aspirations of our alumni family. In this ever-changing world, the importance of our alumni society in shaping a vast and interconnected network cannot be overstated. Our roots in Poornima College run deep, and it is this foundation that empowers us to give back and create a positive impact on society. The PCAS family

stands united in its commitment to not only reminisce about the past but to actively shape the future. Just as a river's flow is never-ending, so too is our dedication to fostering this vibrant network of like-minded individuals. Let's continue to stand together, embracing the values that Poornima College has instilled in us. Our collective story is still being written, and I am excited to witness the incredible chapters that await us.

Mr. Ajar Mathur
(President, PCAS)

From Editorial pen,

In a world where words work wonders, we stand in awe of their deep influence. These words transcend mere symbols; they serve as vessels for our thoughts, guardians of our stories, and bridges connecting generations. With unity as our guiding star and hard work at every turn, we proudly present the Poornima College Alumni Society Annual Newsletter for the year 2022-2023. Every word in this newsletter has been crafted with dedication and care. Our seniors have not only shown us the way but have also nurtured us with their wisdom and guidance. To all who have contributed to this endeavor, we extend our heartfelt gratitude. Your support has been our guiding light, and your contributions have transformed our vision into a reality. We hope this newsletter stands as a celebration of the enduring spirit of unity and hard work that defines Poornima College Alumni Society. May these pages inspire you, connect you, and remind you that every word has the power to shape our collective journey..

FOUNDING MEMBERS

Poornima College Alumni society was born from the idea that our collective experiences and knowledge can empower our alma mater's growth and success. Today, I'm proud to see how far we've come. Let's continue working together, inspiring the next generation, and fostering a sense of unity and excellence. Cheers to our shared journey.

Mr. Sudhanshu Goyal

Founder & Director, Health Genie
(2001 - 2005)

As a founding member of Poornima College Alumni Society, our journey began with a simple yet powerful vision - to strengthen our alumni bonds. Together, we had sowed the seeds of this enduring legacy. Also over the years, this vision has not only guided our actions but has also grown into something much more profound than we initially imagined.

Mr. Ashok Jain

Proprietor & Social Worker
(2000 - 2004)

Reflecting on our journey, it's truly heartening to witness Poornima College Alumni Society flourishing in ways we once only dreamt of. From alumni gatherings to mentorships, our achievements have surpassed expectations. As we continue this journey, our commitment remains unwavering, and we eagerly anticipate the remarkable legacy we will leave for generations to come.

ALUMNI MEET

An institution's legacy is etched in the stories and successes of its Alumni, who continue to be the guiding force behind its evolution. In this spirit, Poornima College Alumni Society proudly hosted its Alumni Meet 2023, a momentous occasion that rekindled the bonds of camaraderie among graduates from various walks of life. The Alumni Meet 2023, held on 11th March at Poornima College of Engineering campus, was a resounding success, bringing together Alumni from different batches in a heartwarming celebration that beautifully embodied the theme of "Trip to the 90's." The event started with the registration process, where the Alumni were welcomed with a traditional teeka ceremony, a gesture symbolizing the enduring connection between the institution and its graduate. One of the standout features of the event was the opportunity for Alumni to share their thoughts and memories in the visitors' diary, reflecting on their journey and experiences at the college. The Alumni Meet was not only about nostalgia but also about reconnecting through various activities. The event kicked off with a series of outdoor games that included cricket, baseball, tug of war, sitoliya, and dog and the bone. The enthusiasm with which all the Alumni and even staff members participated in these games showcased the enduring spirit of the institution. The stage events were another highlight of the evening. The paper dance competition brought out the competitive yet playful spirit of the Alumni, with a beautiful couple emerging as the winners. Dignitaries graced the stage with speeches that resonated with the audience. Mr. Ashok Jain, a founding member, shared his heartfelt experiences and memories of the college, evoking a sense of nostalgia among the alumni. Ar. Rahul Singhi and Mrs. Renu Singhi highlighted the remarkable

achievements of the institution over the years, inspiring all with their contributions to the institution's growth. Ar. Shashikant Singhi and Dr. S.M. Seth blessed the Alumni with their wisdom, emphasizing the transformative power of education and the impact it can have on one's life. The cultural aspect of the event featured dance performances by the Poornima College Alumni Society team. The grand finale came in the form of a mesmerizing performance by the Gravity band, accompanied by a breathtaking display of fireworks. A pinnacle moment of the event was the award distribution ceremony, where dignitaries presented the iconic Poornimite award to Mr. Devendra, a testament to his outstanding contributions.

The Alumni Meet 2023 concluded on a high note with a vote of thanks delivered by Shruti Sharma, the fourth-year coordinator of Poornima College Alumni Society. The evening transitioned into an EDM night and dinner for all attendees, providing an opportunity for further interaction and celebration. In conclusion, the Alumni Meet 2023 was a resounding success. It brought together Alumni from different eras, fostering a sense of belonging and pride. The games, stage performances, and award ceremony left an indelible mark on all attendees, strengthening their connection with the institution. The speeches by esteemed dignitaries inspired Alumni to continue contributing to the institution's growth and legacy, ensuring that the bonds forged at Poornima College of Engineering remain unbreakable.

DEGREE & AWARD CEREMONY

The Convocation Ceremony of Batch 2023, which took place on Saturday, March 18, 2023, served as a poignant and symbolic bridge between the world of academia and the realm of professional aspirations. It represented the profound transition from the life of a student to the pursuit of career and life goals, marking a significant milestone in the lives of the graduates. Dr. Anand Bhalerao, Vice Chancellor of the Central University of Rajasthan, graced the occasion as the Guest of Honor, adding a touch of prestige to the event. The presence of distinguished guests such as Shree M.K.M Shah, Director General of Poornima Group, Jaipur, as well as academic leaders like Dr. Mahesh M Bundeale, Director & Principal of Poornima College of Engineering, and Dr. Pankaj Dhemia, Vice Principal of Poornima College of Engineering, along with esteemed HODs and dedicated faculty members, lent an air of significance to the ceremony.

The Convocation commenced with an auspicious Ganesh Vandana, performed by the talented students of Poornima College, in adherence to cherished traditions. The ceremony culminated with the heartwarming felicitation of two exceptional students, Miss Lovely Jain from Information Technology, securing RTU Merit-4, and Miss Lekha Tiwari from Mechanical Engineering, achieving RTU Rank-6. This recognition underscored the dedication and hard work these students had put into their academic pursuits.

The Degree Distribution Ceremony was a defining moment, as over 400 degrees were conferred upon the graduates. This not only marked their academic achievements but also celebrated their readiness to embark on the next chapter of their lives, armed with knowledge and determination.

In sum, the Convocation Ceremony of Batch 2023 was a grand and fitting tribute to the students' academic accomplishments. It celebrated not only individual triumphs but also the collective journey of wisdom-seeking souls, leaving an indelible mark on the memories of all who participated. This event will be remembered as the moment these graduates transitioned from students to professionals, ready to face the challenges and opportunities that lie ahead.

KNOWLEDGE PLAY

"The future belongs to those who believe in the beauty of their dreams." - Eleanor Roosevelt

As you embark on your journey as a budding technocrat still in college, it's important to realize that success in the tech world often starts with humble beginnings. Many renowned tech professionals, including myself, began by taking small steps, learning along the way, and facing challenges head-on.

Your initial job or internship may not align with your ultimate career aspirations, but remember that it's a stepping stone towards your goals. Keep your dreams big and your determination even bigger. Every small victory you achieve today brings you closer to the future you envision.

In the fast-paced tech sector, the learning curve never truly flattens. While your college education lays the foundation, self-learning becomes your constant companion. Explore online courses, tech blogs, and forums to stay updated with the latest trends and technologies. Embrace continuous learning as a way to not only survive but thrive in this ever-evolving landscape.

"It's what you learn after you know it all that counts." - John Wooden
One of the most valuable lessons you'll encounter is the art of unlearning. Just as a sculptor chips away at the marble to reveal the masterpiece within, you must be willing to shed outdated practices and welcome new methodologies and technologies. Adaptability is your greatest asset as you navigate the dynamic tech world.

Networking isn't just about making connections; it's about building meaningful relationships. Attend tech meetups, conferences, and webinars not only to seek job opportunities but also to gain insights from others' experiences. Find mentors who can guide you through the intricacies of the tech sector. These relationships can provide invaluable support and knowledge as you progress.

Rejections and setbacks are part of the journey. Embrace them as opportunities to learn and grow. Your ability to bounce back and persevere through challenges will

define your success in the tech world. Remember that failure is not fatal; it's a stepping stone on your path to achievement.

Your reputation is more important than your paycheck, and your integrity is worth more than your career." – Ryan Freitas

Building a strong reputation is like investing in your future. Consistently deliver high-quality work, be reliable, and treat colleagues and collaborators with respect. Your reputation will open doors to new opportunities and collaborations that can propel your career forward.

Lastly, never lose sight of your passion within the tech sector. Whether it's coding, design, cybersecurity, or any other field, let your enthusiasm drive your career. Passion is the fuel that powers innovation and propels you towards your goals.

In conclusion, remember that the journey of a budding technocrat is filled with challenges and opportunities. With dreams as your compass, continuous learning as your guide, adaptability as your strength, and resilience as your armour, you are well-equipped to thrive in the ever-evolving tech landscape. Embrace the adventure, believe in your dreams, and let your journey define your success.

"The only way to do great work is to love what you do." – Steve Jobs

MOHAK CHATURVEDI
BATCH (2014 - 2018)

CAREER IN NATURAL GAS & CITY GAS DISTRIBUTION INDUSTRY

Natural Gas mainly consists of methane (90-95%) and other components are Sulphur and hydrogen. Natural gas is mainly either found in sea beds and is then extracted by the process of fracking or by drilling in the sea beds. Natural Gas involves 6.1% of India's total energy consumption and will increase to 25% by 2030 which will generate huge opportunities for the young engineers and students in the present and coming years. This Industry mainly involves Two Branches :

1.Exploration of Natural Gas / Import of Natural Gas: India imports 83% of its crude Oil & 45% of its Natural Gas from countries like Qatar and USA in the form of LNG (Liquified Natural Gas) and also has its own gas reserves in KG Basin and KG D-6 Basin and then sells this gas to the City Gas Companies and Petrochemical Industries or Energy Industries. Major Companies are Oil (Oil India Limited), HPCL, ONGC, GAIL, Petronet LNG.

2.City Gas Distribution Companies: The natural gas is used by end users in the form of CNG (Compressed Natural Gas used in vehicles) & PNG (Piped Natural Gas as Industrial, Commercial and Domestic Fuel). Major Companies are GAIL, IGL (Indraprastha Gas Limited), Think Gas, IRM Energy, AG&P Gas, Sholagasco etc. Today, there are more than 30+ CGD companies in India and more than 1000+ EPC Contractor Companies.

Growth of Oil and Gas Industry in India & Globally:

The Expansion: Expansion of Gas pipeline from the present 16200 km to 27000 km as confirmed by the Finance Minister In Budget 2020 and developing 84 new GA's (Geographical Areas) after the 10th Bidding round. Global energy demand will increase by 45 per cent from 2019 to 2035, according to the International Energy Agency (IEA). New sources of oil and gas mean future demand will most likely be met, but the industry may not find the workers it needs to exploit new reservoirs.

Opportunities for Students & Young Engineers:

Such a rapid growth in this sector will create more than 5 lakh new jobs in India in coming 10 year as per a research by an International consultant. This sector will need 30,000 new professionals in Offshore Gas Exploration. More than 60,000 new jobs in Onshore Gas Exploration. 30,000 new jobs for skilled and Unskilled manpower for 10,000 upcoming new CNG (Compressed Natural Gas) stations.

Around 1 lakh new job opportunities in PNG and in the steel pipeline for 84 new GA'S. Currently, 92% of workers in the industry are men - a very visible disparity. As the industry and its workforce requirements evolve, it's no longer viable for oil and gas companies to depend on predominantly male talent to meet demand. I hope this might have given you an basic Idea on the City Gas Distribution Industry and the opportunities it has for you young engineers and students who are pursuing engineering right now. I know times are tough as we are in this COVID period. I will always advise.

UDIT GUPTA

BATCH(2014-18)

FACEBOOK ANALYTICS FOR TARGETED MARKETING

Facebook Analytics was rolled out in May, 2018 to help marketers understand the entire journey of a targeted user across all the Facebook channels like website, mobile app and messenger. It helps us analyse Ad viewers at a completely granular level.

Analytics provides a ton of valuable information that can help us track and measure our results, to refine our strategy and measure the return on investment.

Understanding when and how people interact with the content that we post on Facebook is also an important factor to gauge consumer behaviour and interest. Facebook Audience Insights and Facebook Page Insights are both Facebook analytics tools. There is a slight overlap between the two of them, but they serve very different purposes.

1. Facebook Page Insights: Provides detailed analytics for our Facebook Page, so that we can learn how people interact with your content, track what works, and improve our results over time.

2. Facebook Audience Insights: Helps understand our Facebook audience, so that we can better target ads and create more relevant content through aggregating user information about demographics, geography, purchase behaviour etc.

Facebook Page Insights can help us answer these paramount business questions:

1. Reach and engagement: How many people saw our posts? Who interacted with them? Which posts did people hide? Did people report any as spam?

2. Actions: What actions do people take on our Page? How many people click our call-to-action button? How many people are redirected to our website?

Check back often to observe new emerging patterns

ABHISHEK CHANDRA
BATCH(2012-16)

EVENTS & CELEBRATIONS

Freshers' day marks the exciting beginning of a student's college journey. It's a time when they eagerly anticipate meeting new people and forging friendships that will last a lifetime. On November 27th, 2022, Poornima College of Engineering hosted 'Prabhav 2k22' as the Freshers' Day celebration for the batch of 2022. In the evening, the highlight of the event was Prateek Kuhad's concert, which added a musical touch to the celebration. The smiles, laughter, and camaraderie that filled the event hall reflected the enthusiasm and spirit of the new batch. As they embark on this exciting journey, Freshers' day becomes a memorable milestone, marking the beginning of a college adventure filled with growth, learning, and cherished friendships.

Aadhar, organized by the Zircon Club, is an annual event at Poornima College aimed at improving students' technical skills. It began in 2007 with the purpose of providing students with a platform to bring their creative ideas to life. The eleventh chapter of Aadhar, hosted on 28th April, 2023, was a testament to the relentless hard work and dedication of the students. First-year students led the event, confidently presenting their projects and showcasing the practical applications of their knowledge. With the enthusiastic participation of first-year students and guidance from their senior peers, Aadhar 2023 was a remarkable display of our students' technical abilities.

Farewell events are bittersweet occasions, a blend of nostalgia and anticipation for the future. The "Hasta-La-Vista 2023" batch farewell party, held on Saturday, June 17, 2023, for the fourth-year students, was a spectacular evening filled with dance, music, delicious food, and heartfelt farewells. Students came together to celebrate the bonds and memories forged during their college journey. This event signified both a poignant conclusion and the dawning of a fresh chapter, where the graduating seniors embarked upon a promising future, secure in the knowledge that the bonds forged during their college years would withstand the trials of time. It unfolded as a night suffused with elation, reminiscence, and eager expectation, serving as a graceful farewell for the departing students.

The Hostel fest, held from 24th to 27th, November 2022, was an extraordinary showcase of creativity and unity within our college community. From the captivating ramp walk and dance performances to the soul-stirring musical night, it was a celebration that transcended boundaries and celebrated friendships that make the hostels feel like home. Just like in a family, these hostels have witnessed the growth, shared laughter, and been a source of support. Beyond the stage, this fest strengthened the bonds of friendship, emphasizing that in the hostels, we've found a second family. It truly exemplified the vibrant spirit of college life, reminding us the power of shared experiences within our hostel family.

The annual prize distribution ceremony known as Kalanidhi is held on 2nd October every year to honor and reward students who excel academically and in non-academic pursuits. Students receive gold, silver, or bronze medals along with certificates of appreciation and recognition. Parents of the awardees are also invited to join this special occasion, which holds significant sentimental value for the students and is a source of pride for their parents. Students eagerly anticipate this event with great enthusiasm, looking forward to receiving recognition and cash awards from the esteemed college authorities. Maintaining excellence in academic programs is a cornerstone of the Poornima Foundation, and these awards serve as a key motivator for students, boosting their morale.

Aarohan-2023, a vibrant and colorful extravaganza, unfolded as a thrilling three-day festival from the 1st to the 3rd of March. On Aarohan's opening night, Papon's mesmerizing performance set the stage ablaze, captivating the audience with his soulful melodies. Amidst this captivating ambiance, Vikalp Mehta's amazing performance added another layer of brilliance to the fest. Day 2 of Aarohan Fest featured the electric DJ Night, setting the crowd on fire with pulsating music. Finally, on the third day, the dynamic duo Salim-Suleiman delivered a high-energy performance that had everyone on their feet. The Annual College fest seamlessly integrated various facets of fine arts, social-cultural engagements, and technical challenges, offering a unique stage for participants to showcase their talents.

VIEWS AND THOUGHTS

This college holds a significant role in shaping my future, and I express my gratitude to the administration and all my esteemed teachers for their invaluable guidance.

Mr. Prekhar Bhardwaj
(Batch - 2017)

I was once a member of PAA, which has now evolved into something greater known as PCAS. This place granted me something instrumental in shaping the person I am today.

Mr. Mohak Chaturvedi
(Batch - 2018)

Being in a place that was once a second home, brimming with the cherished memories, always evokes a sense of nostalgia.

Ms. Nandani
(Batch - 2020)

Alumni meet is a good platform to refresh old memories and opportunities to meet old friends.

Mr. Rahul Tiwari
(Batch - 2007)

It always filled with a sense of pride whenever we revisit the place where we all once started. The Alumni Meet organised every year reminisce the cherishable moments.

Mr. Nagendra
(Batch - 2004)

Looking back at our journey fills me with emotion. Wishing the juniors a bright college life ahead. Keep making memories!

Mr. Satish Kumar
(Batch - 2012)

INTERACTIVE SESSION

Session on Career Guidance

Poornima College of Engineering, in collaboration with the Poornima College Alumni Society, hosted a "Career Guidance" session on December 6, 2022. The speaker of the session was Mr. Aashish Sharma, a distinguished alumnus of the college from the Class of 2014. The event was graced by Dr. Pankaj Dhemla, Vice Principal of PCE, Mrs. Alka Raizada, Faculty Advisor of Poornima College Alumni Society, and other faculty members. Mr. Aashish Sharma shared insights into achieving success, emphasizing the importance of consistency, hard work and time management. With the active involvement of both the alumni and the students, the session was a resounding success.

Session on Personality Development

On April 8, 2022, Poornima College of Engineering welcomed its third-year students and faculty members for an enlightening "Personality Development" session featuring Ms. Akansha Agrawal, an alumna from the Department of Computer Engineering. Ms. Agrawal, who graduated in 2005 and boasts over 15 years of industry experience, transitioned from a Software Engineer to become a renowned Image & Etiquette Coach. Ms. Agrawal shared practical wisdom on enhancing personality and appearance, highlighting their importance in personal and professional growth. Poornima College of Engineering expresses sincere gratitude to Ms. Akansha Agrawal for her impactful contribution in guiding the students.

Session on Design Tools and Value-Added Engineering

On September 18, 2023, an insightful alumni session was conducted at Poornima College of Engineering, Jaipur, featuring Mr. Umang Dadheech and Mr. Rishabh Natholia, both distinguished alumni of the institution. The primary focus of this session was to educate students on the significance of design tools. Mr. Dadheech and Mr. Natholia shared their experiences in the field of BIM and its relevance in the design industry. The speakers addressed students' queries about job profiles for design engineering. The session was highly informative and well-received by attendees.

Session on Placement Process and Importance of MOOC Courses

On March 20, 2022, the Department of Information Technology at Poornima College of Engineering, Jaipur, organized an alumni session. The session featured two distinguished alumni, Miss Diksha Gupta and Miss Diksha Kejriwal of class 2020. Miss Diksha Gupta and Miss Diksha Kejriwal discussed the importance of staying updated with new technologies. They emphasized the relevance of these skills in the ever-evolving IT industry. The speakers highlighted how online courses, like MOOCs, can help students learn more and improve their skills. In conclusion, the session provided valuable insights and practical advice, equipping students with the knowledge needed for a successful career.

Session on Career in Aviation

A career guidance session on aviation was held at Poornima College of Engineering, Jaipur, with the objective of familiarizing students with the vast opportunities within the aviation industry. The session featured Mr. Madhav Dadhich, a distinguished alumnus from 2017 batch. Mr. Madhav emphasized the integral role played by the aviation industry in society and the demand for qualified professionals in various aviation careers. The aviation career guidance session at PCE served as an informative platform. The session not only inspired students to consider aviation as a viable career option but also clarified the intricate details of different roles within the industry.

Session on "Engineering - Efficiently and Effectively"

On November 23, 2022, the Department of Mechanical Engineering at Poornima College of Engineering organized an alumni session with the theme "Engineering Efficiently and Effectively." The session featured Mr. Love Chaturvedi, a distinguished alumnus from the 2015 Batch, who currently serves as a Tech Lead at Infosys Jaipur. Mr. Love Chaturvedi began by emphasizing the value of the software industry. The speaker provided insights into the evolving role of software engineers and how their expertise contributes to the success of various industries. The session was a valuable opportunity for students at PCE to bridge the gap between mechanical engineering and the software industry.
