

### **6.2.1 The institutional Strategic/ perspective plan is effectively deployed**

- Grooming faculty and staff to understand the concept and implementation aspects of OBE in the institution
- Continuous training of teacher emphasizing on concept level teaching and adhering outcome base education as teaching pedagogy.
- Implemented OBE in reality and with unique process of students based outcome assessment.
- Faculty members upgrade themselves by attending at least one workshop/seminar/conference and do certification courses of NPTEL/SWAYAM and Coursera in their focus area in a year.
- Involve alumni in planning decisions and take guidance to make students industry ready
- Beyond syllabus content/ activity planning and implementation.
- Establish cloud based ERP system for smooth operations in academic and administration
- Introduction of self-help groups
- Motivating students for participation in curricular, co-curricular and extracurricular activities in reputed colleges and universities across the nation.
- Strengthening sense of belonging amongst students and staff residing in campus and provide facilities which enhance student satisfaction.
- Upgrading hostel sports and gym facilities
- Strengthening library with latest subscription and digitalization.
- Creating new Centre of excellence in Civil Engineering Department
- The Institute is second in QIV ranking in the state since last 7 years.
- Implemented OBE in reality and with unique process of students based outcome assessment.
- Created Center of Excellence in most of the departments, of which AI & Big Data has been recognized by RTU.
