## **About Engineers Day**

The Engineering Community across India celebrates Engineers Day on 15 September every year as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya.

Mokshagundam Visvesvaraya, born on 15 September, 1861, in Muddenahalli near Chikkaballapur. He went on to become India's most prolific civil engineer, dam builder, economist, statesman, and can be counted among the last century's foremost nation-builders. M. Visvesvaraya was also the Diwan of Mysore from 1912 to 1918. He was the chief engineer responsible for the construction of the Krishna Raja Sagara Dam in Mysore.

Due to his outstanding contribution to the society, Government of India conferred 'Bharat Ratna' on this legend in the year 1955." He was also awarded the British knighthood by King George V, and hence has the honorific "sir". His birthday, 15 September is celebrated as the Engineers day.

He also designed and patented the automatic weir water floodgates, first installed at the Khadakwasla reservoir, Pune 1903. He transformed the Mysore state into what was then known as 'model state'.
