DETAILS OF ACTIVITY:

The Department of Advance Computing, Poornima College of Engineering, Jaipur, organized a Session on “Gratitude Gathering: Cultivating Appreciation in Daily Life” 30 September, 2023. The Gratitude Gathering is a community activity designed to foster appreciation and mindfulness among participants. It begins with an opening circle where the importance of gratitude is introduced, followed by a brief reflection time for individuals to write down three things they are grateful for that week. Participants then share their reflections with the group, either in pairs or as a whole, creating a sense of connection. A gratitude jar is provided for anonymous notes, allowing for continued sharing throughout the gathering. The event concludes with a closing circle that may include a moment of silence or a group affirmation focused on gratitude. This activity not only enhances emotional well-being but also strengthens community bonds and promotes positive thinking.

Objective:

The objective of the Gratitude Gathering is to cultivate a sense of appreciation and mindfulness within a community setting. By encouraging participants to reflect on and share their grateful experiences, the gathering aims to enhance emotional well-being, strengthen social connections, and foster a positive outlook on life. Through shared reflections and collective expressions of gratitude, participants can create a supportive environment that reinforces the importance of gratitude in daily life.

Expert Session Content:

- **Understanding Gratitude and Its Benefits:** Enhance emotional well-being and resilience while strengthening social connections.
- **Recognizing Obstacles to Gratitude:** Identify negative thinking patterns and shift perspectives to embrace appreciation.
- **Practical Techniques for Cultivating Gratitude:** Keep a gratitude journal, share daily appreciations, and use mindfulness to notice positive moments.

Expected outcomes:

- Increased awareness of the importance of gratitude in daily life.
- Enhanced emotional well-being and resilience among participants.
- Improved ability to recognize and overcome negative thinking patterns.
- Development of practical gratitude practices that can be integrated into daily routines.
- Strengthened social connections through shared expressions of appreciation.

Resources Persons:

- Ms. Jyoti Sharma, Assistant Professor, Minerva College of Education, Dah
