POORNIMA COLLEGE OF ENGINEERING

Poornima College of Engineering (PCE), established as a brand of Technical Education in the year 2000, has its own glorious legacy of leading the young engineers to the mammoth sky of success. Its accomplishments forecast its journey through the hardships and its triumph over them one after another. PCE left no stone unturned since its establishment in turning the glorious vision into unbelievable reality providing the platform for knowledge and research and their practical implementations in different engineering professional prospects. Glorious glimpses of PCE:

- Highly recognized and renowned affiliated technical institution all over Rajasthan with built up area more than 3.5 lacs square feet
- Affiliated to RTU, Kota & approved by AICTE, New Delhi
- The most preferred NBA Accredited Engineering College with running of six specializations of Engineering at UG Level (CSE, ECE, EE, ME, IT, CIV) and two at PG level (CS & VLSI)
- The only institution permitted by RTU to admit RNP/IO/Gulf students & designated as centre of excellence by IBM
- An excellent institution building its rapport in all sectors of education, research and development

ABOUT THE DEPARTMENT

The Journey of Department of Electrical Engineering was started in year 2000 with Poornima College of Engineering, Jaipur. The department has its major share in the entire PF with the total intake of more than 600 students. We are providing all the amenities of infrastructure related to knowledge, research, experiments and training of multiple professions. The department has organized various workshops, seminars, expert lectures in this session i.e. workshop on PLC SCADA, MATLAB, Renewable Energy, Industrial Automation, etc. The department has been taking initiatives for versatile enhancement of the students through technical, cultural and sports fests since the establishment. Most of our final year students have been placed in Infosys, Capgemini India Ltd., FACE, Gram Power, Adani Power, KSTPS, Pinnacle Infotech solutions, etc.

ABOUT THE PROGRAM

An intensive six days short term-training programme is being organized for faculty of technical institutions. It is also open to persons from industry and researchers of Indian organizations. The objective is to provide an exposure to the participants to the "Developing an Research and Development culture in Educational Institutes through Project Based Learning " through interaction with experts from premier institutions like IITs, NITs and Industry professionals.

OBJECTIVES OF STTP

The objective of this course to impart skill based education Culture in the Institutes amongst the students as well as the Faculty members so that conceptual based understanding can be enhanced. This will form the basis for higher education too amongst Faculty and students.

Expected Outcome of the STTP course :

- This STTP Program will open new paths for our students and faculty to investigate innovative ways to assess the emerging trends in Technology in dynamic and collaborative setting.
- Organizing such programs is an essential step to achieve new targets & make a mark in the Technological Research at a Global level.
- This STTP Program will show higher horizons in the field of Research

Course Modules

- Innovative Teaching Methodology for Effective Learning
- Challenges in developing Research culture in the Institutes
- Road-Map for Research culture development.
- Alignment of Bloom's Taxonomy for Effective Outcome Based Education.
- Alignment of Assessment with Course Outcomes.

Abstract

One Week STTP Programme shall be organized for more than 100 participants from different Engineering and diploma colleges across India & Abroad. Eminent personalities across the country shall grace the sessions by their auspicious presence and deliver their lectures on Latest Technological enhancements taking place across the world as well as how to imbibe research and Development culture amongst the students through projects. These members have been contributing significantly to the improvement of the quality of engineering education. The major focus of the STTP will be on inculcating research and development culture through conceptual based understanding. This shall also be an added advantage to people from industry.

Writing papers : As a skill

- Many papers are badly written
- Good writing is a skill you can learn
- **It's a skill that is worth learning:**
 - ▣ You will get more papers accepted
 - ▣ Your ideas will have more impact
 - ▣ You will have better ideas

Benefits to The Individual

- ▶ Interesting – opportunity to explore something in more depth, learn something new, satisfy curiosity
- ▶ Challenging – develop new skills, stretch yourself
- ▶ Variety – a change from routine, opportunity to do something different, work with new people
- ▶ Increase job satisfaction
- ▶ Support professional development
- ▶ Enhance personal reputation
- ▶ Improve career prospects
