2. BRIEF BIODATA OF RESOURCE PERSON

Dr. Sumit Kalra completed his B.E. in Computer Science and Engineering from UIET, Panjab University, and Chandigarh in 2010. He joined Infosys Research Lab and worked for a year on remote healthcare. He received M. Tech and Ph.D. in 2018 from IIT Kanpur and joined IIT Jodhpur as Assistant Professor. His area of research includes software architectural issues for contemporary platforms such as edge computing, data-intensive computing, Internet of Things, and Artificial Intelligence-based software-systems. Currently, he is closely working with a couple

of startups in the field of Industrial IoT (Industry4.0). He is actively working with AIIMS Jodhpur for developing smart healthcare solutions.

Dr. Kalra has also been the national winner of Microsoft Code.Fun.Do in 2016. A smartphone enthusiast, he even developed a smartphone with detachable Input and Output (I/O) components and having US Patent granted for the same.

Research Interests: Cloud Computing, mHealth, Software Architecture, IoT & Data Analytics

Specialization: Multi-tenant cloud applications using microservices, mobile sensors in healthcare domain

3. ABSTRACT OF THE WEBINAR

Department of Information Technology, Poornima College of Engineering, Jaipur, organized a one day National Level Webinar on "**Telemedicine for smart healthcare in perspective of COVID19**", on June 11, 2020 from 1.00 PM- 2:00 PM. It was delivered by eminent speaker **Prof. Dr. Sumit Kalra**, Assistant Professor, IIT Jodhpur, Rajasthan. Webinar was conducted through the online Session on Zoom app.

The webinar was aimed at providing the students and faculty members with an exposure of developing lightweight scalable webapp for providing telemedicine service that is compatible with both smart phones and desktops.

Mr. Amol Saxena, HoD (IT) PCE, Jaipur initiated the session by formally welcoming Dr. Sumit Kalra Asst. Prof. – CSE, IIIT Jodhpur and Guest Speaker of the webinar, Dr. Mahesh Bundeale Principal & Director-PCE, Mr. Sandeep Bhargava Webinar Coordinator, students, faculty members and distinguished audience across the region.

He expressed gratitude to Dr. Sumit Kalra for his consent to deliver the webinar session. He extended gratefulness to Dr. Mahesh Bundeale for his motivational presence and support to organize the webinar. He also appreciated Mr. Sandeep Bhargava for successfully coordinating the webinar.

Mr. Amol Saxena also introduced about the webinar session and its contents in his opening remarks.

Dr. Mahesh Bundele, Principal & Director, PCE, Jaipur also welcomed and appreciated Dr. Sumit Kalra for his consent to share his knowledge and research work in the field of smart healthcare. He expressed the need of potential research work in the promising area of telemedicine and smart healthcare. He mentioned that this webinar session would be very beneficial for the students and faculty members as the topic of the session is very relevant in current of perspective of COVID-19.

Dr. Sumit Kalra - guest speaker took an interactive session and elaborated the need of telemedicine and smart healthcare in current situation of covid-19. He shared his experience of developing lightweight scalable webapp project at IIT Jodhpur which aims at providing telemedicine service that is compatible with both smartphones and desktops. He explained the software architecture solution in terms of scalable, reliable and lightweight applications. In query session, he answered the questions raised by the participants.

At the end vote of thanks was proposed by Mr. Sandeep Bhargava - Webinar Coordinator.

Total 389 participants attended this webinar. E-certificates were provided to the participants on successful completion of webinar.

Future Extension

- Inclusion of Smartphone-based low cost sensors to collect vital body parameters from patients body
- Automatically sending the parameter values to telemedicine portal in real-time
- Photoplethysmography for estimating Heart Rate, Respiration Rate and Blood Oxygen Level with lower computational complexity
- AI-driven algorithms and methods to achieve higher accuracy using low-cost sensor readings
- AI-powered Chatbot to talk to patients everything about Corona and Covid19

This screenshot shows a telemedicine session with a 'Question and Answer' window open. The window displays four questions and their corresponding answers. The questions are from Shirish Nagar, Keshav Goyal, Abhishek Choudhary, and Jayant Singh, all asking about patient confidentiality and data security. The answers are provided by the host, Mr. Sandeep Bhargava. The background shows a 'Team Details' window for IIT Jodhpur, listing the mentor Prof. Santa and several faculty members. The right side of the screen shows a vertical stack of video feeds for participants: Mr. Amol Saxena, Dr. Sumit Kalra, Mr. Sandeep Bhargava, and Dr. Mahesh Bunde. The bottom control bar is similar to the first image, with buttons for 'Mute', 'Stop Video', 'Participants', 'Q&A', 'Chat', 'Share Screen', 'Record', and 'Leave'.
