ABOUT PWWA AND WISE

VISION

- To improve the status of women in our society and to make them aware of their rights.

MISSION

- To evolve and develop skill based systems in PCE showcasing different activities to groom women's overall personality.
- To increase the number of women pursuing and graduating in science, technology, engineering and to promote the recruitment and advancement of woman who have chosen Engineering as their career.

ABOUT PWWA & WISE:

AICTE has made it mandatory for all the institutions to set up a women welfare association cell to ensure wellbeing and safety of women present here.

Following these norms, our organization has modeled **PWWA** cell. The cell focuses on creation of awareness among girls and women staff, promoting their well-being. Women are the foundation of every society. Women can do a lot in society, what is needed; she herself should identify her strengths and work on it to build a strong society. A woman can not only change anything but also can change everything. "Women are the real Architect of Society". So, women at PCE have clasped and formed a club called Women in Science and Engineering (WISE) to propagate the importance and relevance of women education in science and engineering. Every year activities of WISE have been organized with the coordination of the concerned department to encourage the maximum participation of girls in various activities and to promote their overall development. For the motivation a poster competition on the topic, "Girls are the Spirit of our Nation" has been organized by the entity to promote the girl students and female members and an exhibition is promoted on this

WISE

It stands for **WOMEN IN SCIENCE AND ENGINEERING** that formally aims to strengthen the technological scenario in which women are going to play a key role. As women are the foundation of every society they need strength & a strong identity to build a strong society for which WISE was established. Various social programs like visits to hospitals, slum houses, and orphanage, etc. are organized at regular intervals under WISE. A woman cannot only change anything butalso can change everything. “Women are the real Architect of Society”. So, women at PCE have clasped and formed a club Women in Science and Engineering WISE to propagate importance and relevance of women education in science and engineering.

Every year activities of WISE have been organized with the coordination of the concerned department to encourage the maximum participation of girls in various activities and to promote their overall development. For the selection of Student coordinators, a Google form will be circulated, which shall be filled by the students interested. An interview will be conducted for the students, who have filled the form and student coordinators will be selected as per the interview.

IMPORTANCE OF COMMUNICATION (FEB 1, 2019)

A seminar was held on Feb 1, 2019 on the Importance of developing the Communication skills and the role of communication in our daily life. The seminar was attended by the First year students and coordinated by Ms. Meena Tekeriwal. The Guest Speaker was Ms. Ariana Ginvera Bruno. She is Cabin Crew Manager at British Airways and belongs to Italy. She had made her career by her own at a very young age. She talked about the importance of communication skills and how the same helped her build her career. She is a writer too and is writing a book on Indian Culture. After her own introduction she talked about the ways to succeed in Life. The seminar was conducted to provide the students the insight of global exposure and understanding regarding the key concepts like Dedication, Self confidence, Positive attitude, Discipline, Enthusiasm, Hard work and the importance of communication in every sphere of our life. Effective communication is an important life skill that enables the students to better understand and connect with the people around. She also shared that lack of effective communication inadvertently leads to conflict and frustration in both professional and personal relationships. She suggested the ways to increase self confidence by doing meditation and participating in different activities which will help to remove the stage fear. The seminar was interesting and gave us all the opportunity to learn many things in regard to infusing creative thinking, Speaking English fluently and focusing on our future. The session ended with feedback and the students asked questions regarding their future.

9TH NATIONAL VOTER'S DAY (25TH JANUARY 2020)

On 25th January 2020, it was the event of national voter's day. The 9th edition of the eve was organized at Rajasthan Administrative service offices, Jaipur, Rajasthan and saw the prosperous presence of chief guest like state election commissioner Prem Singh Mehra. The event was presided by chief secretary DB Gupta, while director general, HCM, RIPA Rajasthan, Gurjot Kaur was the special guest. Event started with the national anthem and filled the required energy fuel. Four district collectors and 30 other election officers were awarded for their outstanding performance during last assembly election in Rajasthan. The theme of the event was 'NO VOTER TO BE LEFT OUT'. More than 10 booth level officers were also awarded. Students from different institutes participated and were provided with a badge, a t-shirt, and a cap that had a logo of national commission of India and later on the refreshments were provided too. Students from other college performed a '*nukkad natak*' and few speakers came to make us aware about the vote campaign and us, the students of Poornima College of Engineering participated willingly and took oath to create awareness about voting. Moreover the event also saw the distribution of new voter ID cards to few eligible ones. The entire honorable guest members were felicitated and the event ended with a vote of thanks from Gurjot Kaur. Later on refreshments were given to all. All the students thoroughly gained something and enjoyed the event.
