A REPORT ON ACTIVITIES UNDER PWWA & WISE

NAME OF ACTIVITY: Activities under PWWA & WISE

DATE & DURATION: JULY 4, 2020

TYPE OF ACTIVITY: Extracurricular Activities

ABOUT PWWA AND WISE

VISION

- To improve the status of women in our society and to make them aware of their rights.

MISSION

- To evolve and develop skill based systems in PCE showcasing different activities to groom women's overall personality.
- To increase the number of women pursuing and graduating in science, technology, engineering and to promote the recruitment and advancement of woman who have chosen Engineering as their career.

ABOUT PWWA

AICTE has made it mandatory for all the institutions to set up a women welfare association cell to ensure well being and safety of women present here.

Following these norms, our organization has modeled **PWWA** cell. The cell focuses on creation of awareness among girls and women staff, promoting their well-being. Women are the foundation of every society. Women can do a lot in society, what is needed; she herself should identify her strengths and work on it to build a strong society. A woman can not only change anything but also can change everything. "Women are the real Architect of Society". So, women at PCE have clasped and formed a club called Women in Science and Engineering (WISE) to propagate the importance and relevance of women education in science and engineering. Every year activities of WISE have been organized with the coordination of the concerned department to encourage the maximum participation of girls in various activities and to promote their overall development. For the motivation a poster competition on the topic, "Girls are the Spirit of our Nation" has been organized by the entity to promote the girl students and female members and an exhibition is promoted on this virtual platform.

To provide a safe teaching and working experience in campus of PCE, rules for prevention and

redressed of ragging/harassment are as follows-

- The aggrieved women/girl shall present a written complaint to PWWA committee.
- If aggrieved women are unable to make complaint on physical in capacity and mental capacity the complaint shall be filed by her legal heirs.
- The complaints shall submit the supporting documents, name and address of witness.
- The PWWA committee shall further enquire if complaint is found to be true
- The PWWA committee shall enquire in accordance with the principle of natural justice keeping all the rights with it to terminate the enquiry proceedings.
- The cross examination of witness shall be followed in the decorum and dignity.
- Any suitable penalty may be imposing alleged by the PWWA committee, if all allegations are proved.
- Appropriate actions shall be taken against the complainant if all the allegations are malicious or false.
- There cord shall be maintained in the complaint register.
- The withdrawal of complaint shall be allowed on the basis of written application presented by accused to PWWA committee.
- All rights shall remain reserved with PWWA committee in the concern of complaint/redressal/withdrawal/penalty.

VISION

- **To improve the status of women in our society and to make them aware of their rights.**

MISSION

- **To evolve and develop skill based systems in PCE showcasing different activities to groom women's overall personality.**
- **To increase the number of women pursuing and graduating in science, technology, engineering and to promote the recruitment and advancement of woman who have chosen Engineering as their career.**

ABOUT WISE

Every year activities of WISE have been organized with the coordination of the concerned department to encourage the maximum participation of girls in various activities and to promote their overall development. For the selection of Student coordinators, a Google form will be circulated, which shall be filled by the students interested. An interview will be conducted for the students, who have filled the form and student coordinators will be selected as per the interview. It stands for Women in Science and Engineering that formally aims to strengthen the technological scenario in which women are going to play a key role. As women are the foundation of every society they need strength & a strong identity to build a strong society for which WISE was established. Various social programs like visits to hospitals, slum houses, and orphanage, etc. are organized at regular intervals under WISE. A woman cannot only change anything but also can change everything. “Women are the real Architect of Society”. So, women at PCE have clasped and formed a club Women in Science and Engineering WISE to propagate importance and relevance of women education in science and engineering.

Selection criteria:

- Enthusiasm and determination to uplift status of women in technical field.
- Creative and innovative ideas regarding club activities.
- Leadership quality to lead club activities
- Ability to coordinate club activities.
- Potential to manage details and follow through among the members are held every month to work on the empowerment of the female students of our college and planning are always made and the work of execution has been given to each and every member of the group.
- Sessions related to their respective fields.

MESSAGE FROM CHAIRPERSON

Dr. Mahesh Bunde
B.E., M.E., Ph.D.
Director
Poornima College of Engineering
ISI-6, RICO Institutional Area
Ghatapada, JAIPUR

I want to congratulate Poornima College of Engineering for successfully implementing various activities. The most basic ingredient that identifies you as an engineer is the knowledge in your field of study. It is very important to learn theoretical aspects but at the same time it is very important to learn the application, practicality of the learned fact. As engineers, you are expected to be creative enough to come up with innovative ideas and analytical enough to link knowledge from different areas to solve problems. Look around. Some of the most amazing gadgets and technologies are creative and, sometimes, simple engineering solutions to daily problems, starting from the smart phone to e-commerce. The world is now transformed into a place where an understanding of computers and gadgets is no more a trade-skill, but a life-skill. So, you must tinker with every new idea you encounter. Experiment

SESSIONS CONDUCTED

CRAFTING A SUCCESSFUL ENGINEERS CAREER (JULY 4, 2020)

ECE Department, Poornima College of Engineering has organized a live interactive session on “Crafting a Successful Engineers Career”. The session was for all the Students from 1st & 2nd of our colleges. The motive of the wonderful session was to motivate and add a vision and guidance for the 1st and 2nd year students so that they can understand what is the right path to follow for a successful career in engineering. The positive part of the session was the doubts and queries by the students

Dr. Mahesh Bunde
B.E., M.E., Ph.D.
Director
Poornima College of Engineering
ISI-6, RICO Institutional Area
Gulapura, JAIPUR

regarding GATE exams, lifestyle, job profile, Competitive world , difficulties in cooperate sectors etc. were solved and answered which encouraged them to explore life more. After this session many would be clear with how and when they can start preparing.

The set of questions were asked their in the live session by the students themselves and were also given the facility to mail there questions in case they have any so that queries can be resolved.

Some of the questions were like:

1. How and from where to start the preparation for GATE?
2. What problems do you faced at the starting of your job?
3. How to maintain the consistency while preparing?
4. Should we keep a backup while preparing?

The speaker of the session was:

The speaker Miss.KUSHAGRI MUKHIJA resolved the queries of the students in a very efficient way and solved the doubts about the various competitive exams. Along with that, she shared her preparation journey with others than how she got selected in the ONGC (New Delhi) and she brief about various processes or method to be kept in mind like:

1. Aptitude Preparation
2. Vocabulary Enhancement
3. Personality Development

In the session, she also gave a brief about how she achieves her goals, how passion and determination played role in achieving her goal. The session was very interactive and a total of 25+ registrations and students were there.

The session took place on Microsoft Teams under the guidance of Dr. Garima Mathur Ma'am.

Coordinators of the event:

1. Tripti Somani (Anchor) is from the first year CSE branch that welcomed our Guests and Faculty and controlled the flow of the session.
2. Prerna Sharma (Technical and Backend) are from the second year CS branch that controlled the technical terms and conducted the session successfully.
3. Reshab Deora, Divyanshu Dhakar, Tripti Somani, Prerna Sharma (Questioners)

“HOW TO SET AND ACHIEVE GOALS?” OCTOBER 9TH, 2020

Sonal Sekhri is an Alumni of Poornima College of Engineering presently based in US, Data Scientist with past 7+ years of experience in the field of Data Mining/ visualization, Data Analysis, and reporting. Have worked with visualization tools, ETL tools, Data analysis tools such as Qlikview / Qlik Sense Developer and administrator. AbInfo/ Informatics ETL tools, BI SQL developer, SAP Crystal Reports. Our world is becoming more technologically advanced every day. We have made scientific discoveries and engineering solutions that streamline our lives and these advancements have affected everyone. There is an incredible opportunity for everyone to get trained to set and achieve goals in their life. No matter the stage of life or education level, this workshop will offer advice and introduce resources that can help to set the career goals and direct the students to achieve the goals.

HOBBY E-FAIR (MAY' 22, 2021)

First Year, Poornima College of Engineering, under WISE Club, organized an online activity 'Hobby e-Fair' for all the first year girls for grooming their overall personality and encouraging their talents. It was conducted on Saturday, May 22; 2021. Girls participated showcasing their hobbies such as art and craft, dance, music, poem recitation, creative-writing, photography etc. It was an online activity which gave participants an opportunity to showcase their talents. The event finished successfully with great enthusiasm and fun. The best participants will be awarded with e-certificates. 20 participants made this event very entertaining. Dance, music and poem recitation participants presented videos whereas participants of art and craft photography and creative writing presented ppts comprising some of their works. Dr Rekha Nair, (Chairperson, PWWA and WISE), Ms. Sarveen Kaur Sachdeva, (Vice Chairperson, PWWA and WISE), Mr. Kuldeep Sharma, Mrs. Nikita Gautam, Dr. Neelam Chaplot and other faculty members made this event more cheerful with their presence and loved the event.

Faculty coordinator of this event:

Dr. Meena Tekriwal (Member, PWWA and WISE)

Student coordinators:

Power of Women

- A woman is a human who plays different roles in her life
- Here are different shades of green used to describe how it changes
- A bird on hand of woman describes how she can handle things beautifully
- Butterflies are colored in black to make an impact on the color of green

INTERNATIONAL WOMEN'S DAY (8TH MARCH 2021)

Students' Council PCE in collaboration with WISE organized a day celebration and activity to encourage and embrace the hard work, dedication, and immense power of womanhood for the strong ladies including female faculty members and girl student of our college on the occasion of International Women's day i.e., 8th March 2021.

A poster making competition was conducted and female faculty members as well as girl students participated in that. The candidates present there were divided into various teams and each team was given a duration of half an hour to depict their messages through their posters. After the completion of poster making competition a short program, including music and dance performance by the students and teachers, was conducted. After that winning team of poster making competition was announced and was awarded with trophies and certificate.

After the completion of events the results were announced their and then only. The winners were perked with prize. With that the whole event was successfully completed. Total crowd was of 60+ including female faculty members and girl students.

Winners of the event were: -

Pallavi Ma'am

Team C: Abhishree Mundra, Mahi Garg, Divyanshi Choudhary

SESSION ON WOMEN EMPOWERMENT (14TH SEPTEMBER, 2020)

On 14 September, 2020 a session on women empowerment was conducted by the Psychologist Mrs. Amita Shringi Upadhyay under the coordination of Ms. Sarveen Kaur Sachdeva, Vice- Chairperson, 1st Year. This session was conducted for all the girls of Poornima College of Engineering. The session was held online during 9 Am to 11 Am.

The main objective of that session was to make all the girls mentally and physically strong and to boost their self-confidence.

The Session was held to motivate the girls to be an independent person. A joyous environment was created in her presence, and she made the girls to make travel to their childhood memories. The psychologist taught everyone various activities to perform daily for self-improvement. She gave certain health-tips and hygiene habits. She even interacted with the girls and tried to know about the problems of many girls and gave them the appropriate advice. Girls get to know a lot of things from her, and also learned to take their stand in difficult situations. How can a girl deal with the day-to-day issues in her life was discussed. She even discussed a diet plan which every girl needs to maintain her daily life to get proper and balanced nutrition. How to raise voice when something erroneous happens and to take stand was taught during the session. Mrs. Amita also mentioned to give every individual a free session for the girls of PGI. Girls from all the branches took part in this session actively and paid their complete attention and showed an urge to attend these kinds of sessions regularly. Apart from girls, many female faculty members also attended this session and were very much convinced by the way Mrs. Amita took the session. As a conclusion, this session meant to be a very helpful and informative for all the girls and the female faculty members who were the part of this session. Audience appreciated the step took by the management for organizing such a motivational session.
