The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing first time donors at the camp our volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.

Objectives of voluntary Blood Donation Drives:

- To replace paid blood donors with voluntary donors;
- Paid donors are to be discouraged as:
 - It is exploitation of the poor who often donate blood to earn money
 - Prevention of diseases spread by blood transfusion, paid donors are not only poor but they may also carry some disease.

A REPORT ON EK BHARAT SHRESHTHA BHARAT PROGRAMME

- ◆ **NAME OF THE EVENT:** EK BHARAT SHRESHTHA BHARAT PROGRAMME
- ◆ **DATE & DURATION:** MARCH 7-11, 2022
- ◆ **ORGANIZED BY:** Girijananda Chowdhury Institute of Management and Technology, Guwahati, Assam & Poornima College of Engineering, Jaipur, Rajasthan

- ◆ **ABOUT EBSB:**

India is a unique country, with linguistic, cultural, and religious threads woven together into a composite national identity by a rich history of cultural evolution and a stirring freedom movement based on the principles of nonviolence and fairness. A remarkable unity in variety has been enabled by a spirit of mutual understanding amongst a shared past, which stands out as a tall flame of nationhood that needs to be fed and cherished into the future. It is important to establish cultural exchanges between people of different regions, as a means to further human bonding and a common approach to nation-building. The Ek Bharat Shreshtha Bharat (EBSB) scheme was announced by the Prime Minister Shri. Narendra Modi on 31st October 2015 on the occasion of the 140th birth anniversary of Shri Sardar Vallabhbhai Patel.

The program's main goal is to educate people about art, culture, history, tradition, education, and language. Between different States/UTs, there will be an interchange of art, culture, history, tradition, education, language, and so on. At the national level, a pair of two States/UTs has been formed. Rajasthan and Assam are linked together under this system.

One of the fundamental aims of this scheme is to understand the art, culture, history, tradition of different states and country at large. It will enhance the attachment between people of different states and will strengthen the unity and integrity of India

In the few years, all of the states and their people will be connected in this fashion. Students are the major components of this strategy in the first stage. Potential students will be chosen under this method, and they will be required to travel to the matched state in order to learn about the art, culture, history, and traditions of the several states and the country as a whole. It will improve India's unity and integrity.

◆ **Objectives of activities**

Fundamentally in this action every one of the individuals needed to make Rakhi which would contain seeds on it purported as Environmental Friendly Rakhi. After this they had it to attach it to either their siblings, Pwd's, Policemen's, Orphans, Old individuals, or any Army Individuals. After finishing these two stages then the individual who had tied this Rakhi on his hand and to sow that seed in the pot.

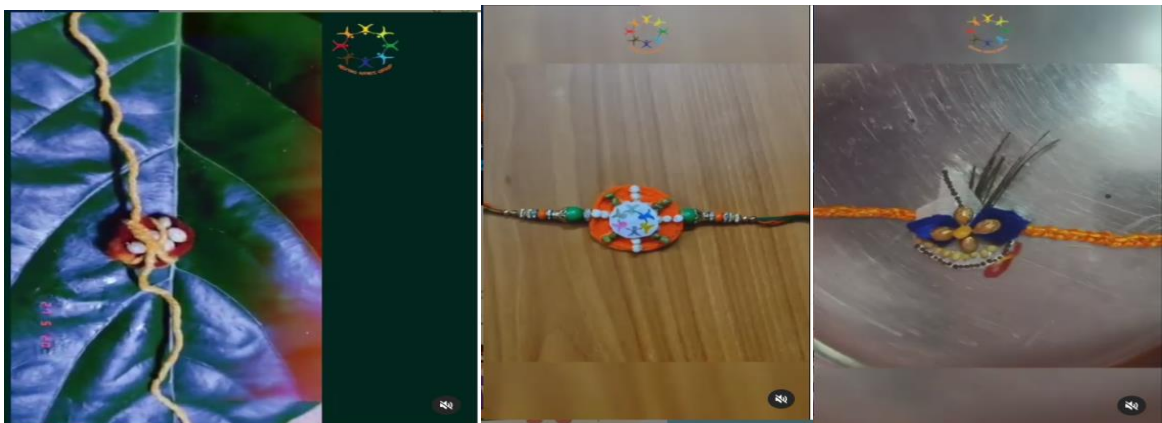

We had made advancements of this movement every day by delivering banners and videos from sixteenth August till 23rd August. After the consummation of Rakhi, we had some photographs of individuals which informed us of their delightful pictures.

This action was led by our Captain Anubha Gupta, Vice-Captain Yash K. Bhatia, and Krishna Sharma under the direction of Devendra Bhatt.
