Session on "Workshop on Turnitin" 15th Feb 2020 .Turnitin is an Internet-based plagiarism detection service run by the American company Turnitin, LLC, a subsidiary of Publications. Founded in 1998, it sells its licenses to universities and high schools that then use the service website to check submitted documents against its database and the content of other websites with the aim of identifying plagiarism. Results can identify similarities with existing sources and can also be used in formative assessment to help students learn to avoid plagiarism and improve their writing.

OBJECTIVE:

How to checks unoriginal content by comparing submitted papers to several databases using a proprietary algorithm. It scans its own databases and also has licensing agreements with large academic proprietary databases.

Expert Session Content:

- What is the Turnitin?
- Why we use Turnitin?
- How we can use it?

Expected outcomes:

- Workshop on Turnitin uses to provide a virtual environment in offices and institutions.

How could this workshop be improved?

1. Focus should be on basic than advanced level.
2. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

Any other comments / suggestions

1. We would like to have such more workshops in future
2. Language fundamental can be enhanced in effective manner.
