The event was organized under the guidance of "Mr. Manish Kumar Sharma", Faculty Coordinator, Poornima Alumni Association. The event started as the alumni entered the college premises. Afterward, they were welcomed traditionally and then were escorted to the registration desk where their details were confirmed with their current job profile. The student coordinators presented them the college magazine ("Winners"), goodies (a photo frame having our college photo with a small thank you note for all the alumni) and requested the batches of Poornima Alumni Association to show their participation in Poornima Alumni Association. Then the alumni visited their respective departments where an interactive session was conducted with students so that they can interact with alumni who can more efficiently make them understand the current scenario of the industry and encourage them with

their words of wisdom. The students asked them many queries regarding their branch and career which were answered by the alumni. After some time a question-answer session started between alumni and students. Subsequently, the event was preceded in the main seminar hall where all the alumni were gathered and our respected Director sir "Dr. Om Prakash Sharma" gave a short speech. In his speech, sir highlighted the points where our college students have performed extraordinarily, after it a small cultural program was conducted which included a folk dance by coordinators of the Poornima Alumni Association and group singing performances by college students. Association coordinators also showcased a minute's documentary "SAFARNAMA" which was really appreciated by the alumni as the plot of the documentary was set such that it describes the journey starting from the first day of college. The documentary describes the time when we all were new students who don't even know each other to a time when we create a sense of belongingness for each other. As our motive was to organize an event for the alumni and by the alumni, we requested alumni to take over the stage as our hosts started playing a game in which randomly alumni were called onto the stage. Afterward, were given a task to perform in which they danced, sang melodious songs while others were seen sharing their college life experiences. Then, all alumni step out from the seminar hall for a group photo with all the dignitaries and head of departments in PCE garden. They were stubbed by the mesmerizing decoration by the Poornima Alumni Association where handmade lamps were hanged and each and every plant was decorated for a group photo with posters as background.

CONCLUSION:

The meet was followed towards the end with a formal lunch at Poornima Institute of Engineering Technology near Arbuda Convention Hall. Alumni were really beholden by the decoration and arrangements made and they personally thanked the coordinators of the Poornima Alumni Association. They also really appreciated the idea of the alumni meet as it gave them a great platform to meet their batch mates and faculty members.
