ABOUT CAREER COUNSELING:

Career counseling is a systematic process that helps an individual understands one's self, as well as the world of work, to choose the right career. It is the process of helping students and professionals to analyze their strengths, interests, abilities and skills. Career counselors are trained professionals who provide guidance and counseling. They have extensive knowledge about different career paths and occupations.

BRIEF BIO DATA OF RESOURCE PERSON:

Speaker: Mr. Sandeep Bedwal, Alumni 2007-2011, Department of Electronics and Communication Engineering, Poornima College of Engineering, Jaipur Raj., Presently working in MT, Ericsson India Global Services Private Limited.

ABOUT OF THE SESSION: The main objective of this session was to demonstrate all the necessary aspect to design a high quality printed circuit board. Dr. Mahesh Bundeale, Director, PCE, Jaipur and Mr. Pankaj Dhemia, Vice Principal, PCE, Jaipur gave welcome address and brief description about the session. The scientific and technological developments have changed the structure of the society, which includes the careers primarily, therefore, we need to plan the careers of our children as per abilities and capabilities from the very early stages of education, and hence we must understand the objectives of career oriented guidance and counselling programmed in our schools, colleges and universities. Such programmed has following objectives as per need of our educational system and as per future needs of respectable career and status in the society: There has to be a basic and fundamental change in our entire system of education, change which recognizes that no matter how well a human being is educated in chemistry, physics, economics, history or literature, he remains a barbarian unless he knows something about himself. The Session was so informative and nicely presented. After this wonderful session a query session was conducted to resolve the doubts of participants. At last vote of thanks was delivered by Dr. Garima Mathur.

COURSE OBJECTIVES:

At the end of this course, the students should be able to:

- Understanding the nature of problem to be studied and identifying the related area of knowledge.
