**BRIEF BIODATA OF RESOURCE PERSON:** The session is conducted by two resource person Mr. Sushant Badyal, Software Engineer, Evolphin Software's and Mr. Himanshu Baghmar; Sales force Developer, Salesforce.com Hyderabad. He has more than 10 years of experience in the field of web development.

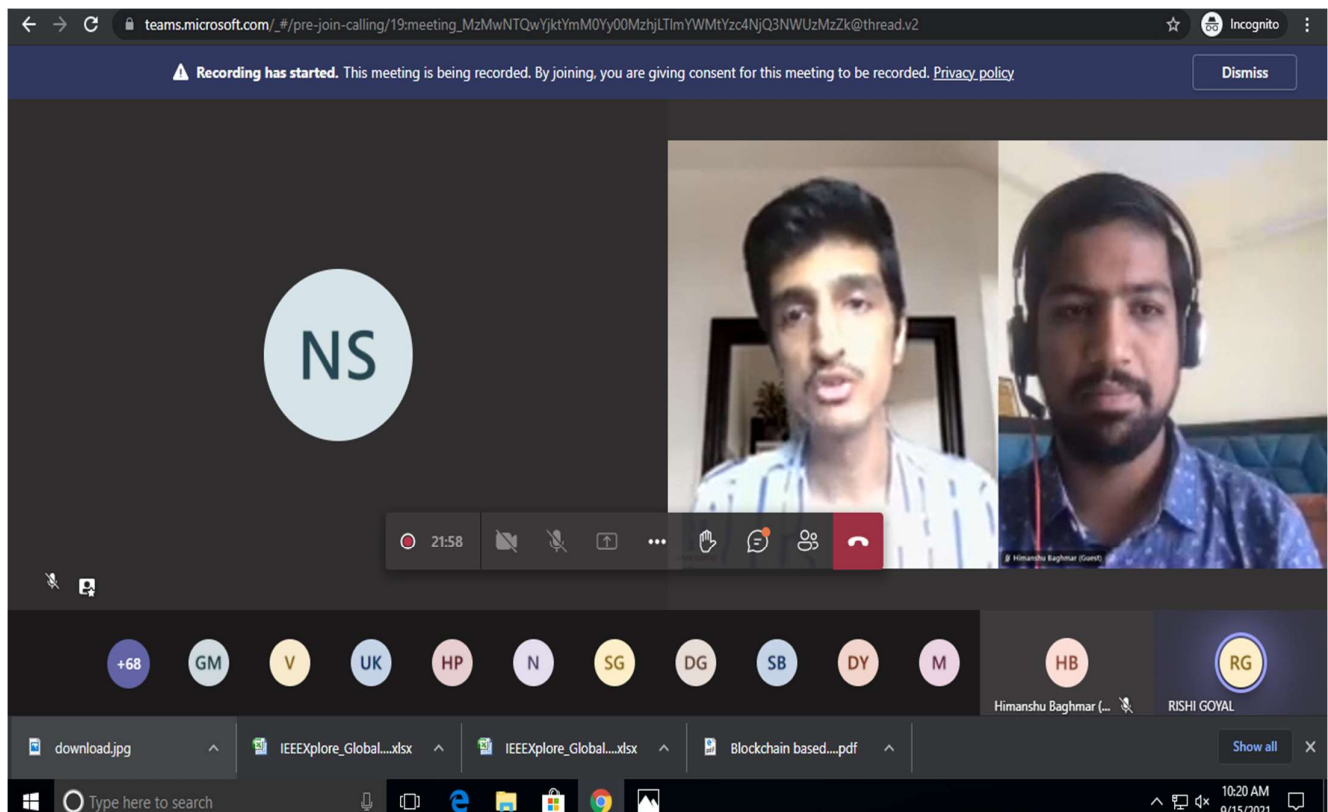

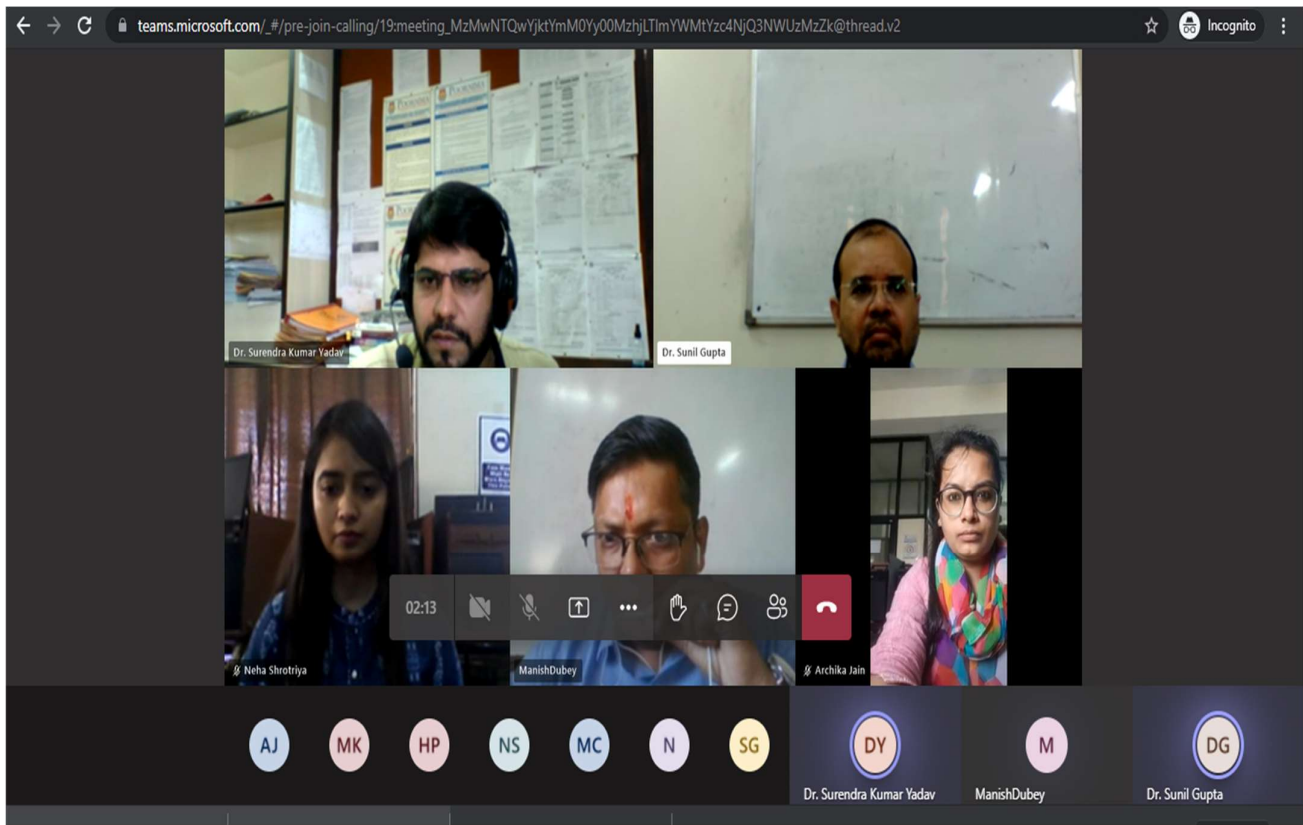

**ABSTRACT OF THE SESSION:** Engineers are shaping the future by applying their skills to almost everything. They convert the theoretical knowledge of basic sciences into actual products and thus make our lives easy. Engineers possess versatile minds and help in filling the gap between science, technology and the community. Engineers in India contribute greatly to the nation's technological and industrial growth. There really is no limit to what engineers can do. Engineers Day is celebrated on September 15 every year in India commemorating the birthday of one of the greatest engineers in India and Bharat Ratna recipient, Sir Mokshagundam Visvesvarayyagaru, recognizing his contributions in harnessing water resources in India. He had successfully designed and constructed several river dams, bridges and revolutionized their rogon system all over India.

## **ASSESSMENT/ATTAINMENTS:**

**Not Required**

## **SWOT ANALYSIS:**

- Strength of the activity is that student should able to know the reason for celebration of Engineer's Day.
- Weakness of the event is that it is in online mode, so it becomes less interactive in the online mode.
- The opportunity of the event is that student should able to enhance the knowledge related to the web development for front end and back end.
