Mr. Vishal Choudhary	Assistant Professor, PCE

RESOURCE PERSONS

The resource person for the online workshop will be eminent professors and experts in the area of sustainable building approaches & practices from IITs, NITs and other reputed institutions.

ELIGIBILITY

This course is open to all the Students of AICTE Approved Institutions, Research Scholars, and Persons working in R&D organizations or Industry. Number of participants for workshop is limited. All the sessions will be conducted online only.

IMPORTANT DATES

Last date of receipt of application	December 21, 2020
Workshop duration	December 22-24, 2020

REGISTRATION AND FEE PARTICULARS

- There is no registration fee for student from AICTE approved Institutions, Participants from Industry, and Research Scholars.
- Registration will be open to students of Civil Engineering, Architecture & Mechanical Engineering. Participants will be admitted on a first-come first-served basis. Last date of registration will be 21st December 2020.

SUSTAINABLE BUILDINGS
APPROACHES & PRACTICES**
December 22-24, 2020

Organized by
Rajasthan Technical University, Kota

Department of Civil Engineering
POORNIMA
COLLEGE OF ENGINEERING
Affiliated to RTU, Kota • Approved by AICTE & UGC under 2(f) • Accredited by NBA

ABOUT TEQIP-III

The Project, third phase of Technical Education Quality Improvement Programme (referred to as TEQIP-III) is fully integrated with the Twelfth Five-year Plan objectives for Technical Education as a key component for improving the quality of Engineering Education in existing Institutions with a special consideration for Low Income States and Special Category States and support to strengthen few affiliated technical universities to improve their policy, academic and management practices.

RAJASTHAN TECHNICAL UNIVERSITY

Rajasthan Technical University (RTU) is located in Kota in the state of Rajasthan. It was established in 2006 by the Government of Rajasthan. The University currently affiliates about 129 Engineering Colleges, 4 B.Arch., 41 MCA Colleges, 95 MBA Colleges, 44 M.Tech. Colleges and 3 Hotel Management and Catering Institutes. The University aims to provide quality technical education which may help Rajasthan in its technical development and will boost technical environment in the country.

POORNIMA COLLEGE OF ENGINEERING

Poornima College of Engineering (PCE), established as a brand of technical education in the year 2000, has its own glorious legacy of leading the young engineers to the mammoth sky of success. Its accomplishments forecast its journey through the hardships and its triumph over them one after another. PCE left no stone unturned since its establishment in turning the glorious vision into unbelievable reality providing the platform for knowledge and research and their practical implementations in different engineering professional prospects. Glorious glimpses of PCE:

- Highly recognized and renowned affiliated technical institution all over Rajasthan with built-up area more than 3.5 lacs square feet
- Affiliated to RTU, Kota & approved by AICTE, New Delhi
- The most preferred NBA Accredited Engineering College with running of six specializations of Engineering at UG Level (CSE, ECE, EE, ME, IT, CIV) and two at PG Level (CS & VLSI)
- The only institution permitted by RTU to admit PGP/PGD students & designated as centre of excellence by IBM

DEPARTMENT OF CIVIL ENGINEERING

The Civil Engineering Department of PCE came into existence in the year 2011 with an alignment of the department's evolution with key events and technological advances for the betterment of the society and nation. At present, it has the intake of 60 students providing all the amenities of infrastructure related to knowledge, research, experiments and training of multiple professions. Poornima College of Engineering believes that Civil Engineering is an evergreen branch in the engineering profession. Therefore, the Department of Civil Engineering has renowned scholars as the faculty members for sharing the knowledge. It has been taking initiatives for the versatile enhancement of the students through the technical, cultural and sports events since its inception.

ABOUT ONLINE WORKSHOP

A three days Online Workshop shall be organized for students from different Engineering colleges across India from 22nd – 24th December, 2020. Experts, across the country shall deliver the lectures on demand for understanding and exposure to sustainable building design, approach and practices. These members have been contributing significantly to the improvement of the quality of Civil Engineering education. The main focus of the online workshop will be on providing comprehensive knowledge about fundamental of sustainable structure, relevant to green building design. Experts will introduce about recent techniques, case study & hands on practice to analyze and evaluate the sustainable buildings.

OBJECTIVES OF THE WORKSHOP

- To make the students learn about the behavior of sustainable building and applied various approaches & practices.
- To aims at strengthening curriculum on sustainable habitat for built professionals in the country.
- To motivate and develop confidence on use of recent techniques and methods to analyze, evaluate and design of green & energy efficient buildings.

COURSE MODULES

- Introduction of Sustainable building approaches & Practices
- Sustainable construction techniques- Current scenario
- Environmental objectives, criteria & assessments methods
- Strategical or material use in the construction practices
- Design phases & processes
- Environmental impact of building components
- Case study of Green Building
- Virtual Visit to Arambhama Museum

EXPERT DETAILS

Mr. Shivraj has done M.Tech in Energy Engineering from Malviya National Institute of Technology and B.E. in Mechanical Engineering from University of Rajasthan. He has 5 years of experience in industry & educational institution and 4 years of Research-based experience in engineering related activities. His hobbies include net surfing and playing cricket.

Mr. ArnaJharna: The Desert Museum of Rajasthan (A village based on indigenous knowledge and living tradition) Jodhpur. An Institute of Folklore and Social History, Rupayan has only delved deeper into understanding and appreciation of the marvellous Rajasthan culture and traditions, from the lives of village folks to the professional folk artists. It extends beyond academics to reflecting back its knowledge and resources to those who can benefit from its vast wealth of tangible and intangible through museum and audio visual archives.

Mr.Ashu's career spans across several diverse domains. He commenced his career as a Mechanical Engineer in 2008. Now, he is a Managing Partner of Design2Occupancy Services LLP. Being associated with most prestigious organizations, he serves with complete devotion and perseverance on various exalted leading positions for ISHRAE, ASHRAE, FSAI, IAQA, IBPSA, ISLE and IAEMP at the local, national as well as international level. He is an IGBC AP, PQP, GEM CP and BEE certified ECBC Master Trainer.

He loves to share knowledge and he has trained many Architects, Engineers, Consultants and Government Officials about Energy Conservation Building Code. He is a National Apex Advocacy vice Chair at ISHRAE. Member of ASHRAE RAL Webinar Support Committee & Conference and Exposition Committee. He is a Vice Chair of Fire Suraksha Index by FSAI.

Dr.AmitGoyal, Assistant Professor, in the Department of Civil Engineering, National Institute of Technical Teachers Training and Research (NITTTR), Chandigarh, received his Ph.D in Earthquake Engineering from IIT, Roorkee, M.E (Structural Engineering) degree from M.B.M Engineering College, Jodhpur. He is having teaching experience of 14 years at both graduate and post graduate level. He worked in various Rural Development projects in northern states of India. He worked as a coordinator of MHRD sponsored Skill Development Scheme called Community Development through Polytechnics for the state of Uttarakhand, Rajasthan, Himachal and Haryana for 13 years. He has conducted more than 100 MHRD/AICTE recognised/sponsored faculty development programmes for the faculty of engineering and polytechnic colleges. Coordinated National and International Conferences in Rural Development and Civil Engineering Departments. Contributed number of papers in National and International Conferences, Published number of papers in national and international journals and magazines. He has developed five numbers of educational video films. He has delivered number of online lectures which are available on YouTube and NCTEL portal. He has received Gold **Prize** under young scientist award category by IDRIM& TIFAC in 2014. He has received **Young Concrete Engineer Award** 2016-17 by Indian Concrete Institute, Chandigarh Centre (Chandigarh, Punjab, Haryana, J&K, and H.P) and Ultratech Cement, India. He has filed one Patent for his technology “Earthquake resistant visco-elastic energy dissipator link elements”. The Technology has been exhibited in front of Honb'le Prime minister of India Shri Narendra Modi in Make in India Week at Bandrakurla Complex, Mumbai, India. NDTV covered

the developed technology of interlinked block masonry system and telecasted on Prime Time, in 2015. He has edited two books. He is one of the reviewers of ASCE Journal, Practice Periodical on Structural Design and Construction. He undertook many consultancy projects related to health monitoring of structures through NDT Techniques. His research interests are primarily in earthquake resistant design of RC and Masonry structures, Mud Housing, health monitoring for existing structures, non-destructive testing techniques, Corrosion, seismic evaluation and retrofitting of Masonry structures, Energy Efficient and Low cost housing

ABOUT WORKSHOP

Objectives:

- To make the students learn about the behavior of sustainable building and applied various approaches & practices.
- To aim at strengthening curriculum on sustainable habitat for built professionals in the country.
- To motivate and develop confidence on use of recent techniques and methods to analyze, evaluate and design of green & energy efficient buildings.

Department of Civil Engineering of Poornima College of Engineering has organized 3 days RTU TEQIP-III sponsored Student Workshop program during **22-24 December 2020** on "**Sustainable Buildings Approaches & Practices**" in the online mode during this pandemic situation. This student workshop is conducted by the blessings of Prof. Dr. R.K.Gupta Hon'ble Vice Chancellor, RTU Kota. It is inaugurated by Prof. (Dr.) B.P Suneja, Dean Faculty Engineering & Architecture RTU Kota & Ar. Anubha Ashtikar, Senior Sustainability Expert, Integrative Design Solution Pvt. Ltd. Delhi. Experts address the participants and share the importance of Sustainable Buildings Approaches & Practices. On this occasion Prof. Dr. A. K. Dwivedi, Event Coordinator, RTU Kota, highlights the workshop course content, objective, outcome and TEQIP project benefits to all the participants in his address. Dr. Mahesh Bundeale, Director Poornima College motivated the participants for serious participation in the program and carry back the learnings to percolate further. Mr. Pankaj Dhemia, Vice Principal, Mr. Balwan Sheshma, HOD, Mr. Divya Vishnoi, DY.HOD, Mr. SAURABH SHARMA Mr. SHANKER PRASAD MISHRA and other faculty members from the institution were present in the program. Total 274 participants from various affiliated colleges of RTU/BTU and other private universities have participated in the workshop. All the experts were invited from IITs, NITs, and NITTTR and reputed Industries.

WORKSHOP SESSION PLAN

The details of all sessions are as follows:-

Session-I – 10 A.M TO 11.30 A.M, DATE-22/12/2020

Topic: Sustainable construction techniques- Current scenario

Resource Person: Dr. Amit Goyal, Assistant Professor, NITTTR Chandigarh

The first session provides an informative perspective to one & all by learning about the construction of historical structures, behavior of structure due to earthquake.

Session-II – 1.30 P.M TO 2.00 PM & 4 P.M to 5 P.M, DATE-22/12/2020

Topic: Environmental objectives, criteria & assessments methods

Resource Person: Dr. Shivraj Dhaka, Counsellor, IGBC Hyderabad

In this session we all learn about the deep learning of the aim, methods, approaches & practices related to sustainable building

Session-III – 10 A.M TO 11.30 A.M, DATE-23/12/2020

Topic: Strategies for material use in the construction practices

Resource Person: Prof. (Dr.) Madhura Yadav, Professor, Manipal University Jaipur

In this session, we all learn about the use of various building materials mainly bamboo in the construction & its advantages.

Session-IV – 1 P.M TO 2.30 P.M, DATE-23/12/2020

Topic: Design phases & processes

Resource Person: Mr. Himanshu Vyas, Sustainability Manager, Kamal Cogent Energy Pvt. Ltd.

In this session, we all perceive deep learning about the objectives, criteria, assessments methods & design process of green building.

Session-V – 10 A.M TO 11.30 A.M, DATE-24/12/2020

Topic: Environmental impact of building components

Resource Person: Mr. Ashu Gupta, Co-founder, Design 2 Occupancy

In the today's morning session we all get the new technologies about the use of various effects of environment on components of building & its behaviour & deals with some of the most important present problem & its solution.

Session-VI – 1 P.M TO 2.30 P.M, DATE-24/12/2020

Topic: Case study of Green building

Resource Person: Mr. Nitin Gupta, Senior Project Manager, Kamal Cogent Energy Pvt. Ltd.

In this today session, we all taking deep knowledge about practical approach related to the green building & Concept of LEED techniques.

Session-VII– 3 P.M TO 4.30 P.M, DATE-24/12/2020

Topic: A virtual visit to Arnajharna Museum

Resource Person: Mr. Kuldeep Kothari, secretary Rupayan sansthan, Jodhpur

In the last session we all in a new place by seeing a wonderful museum of Arnajharna which is truly an informative & adventure traditional place to visit.

In conclude all the sessions that, students learn various new ideas about the green building its design process, material used in sustainable building, factors affect the construction & virtual visit to an adventure traditional place i.e. Arnajharna Museum etc.

FEEDBACK ANALYSIS / ASSESSMENT:

- a. Excellent by 66.67% of participants
- b. Good by 30.25% of participants
- c. 0.62% say needs improvement
- d. 2.47% have not responded

Presentation of the workshop is rated as

- a) Excellent by 77.78% of participants
- b) Good by 22.22% of participants

Management/ Administration of the workshop is rated as

- a) Excellent by 67.59% of participants
- b) Good by 28.7% of participants
- c) 3.7% say need improvement

Overall Workshop is rated as

- a) Excellent by 59.26% of participants
- b) Good by 40.74% of participants

How could this workshop be improved?

1. Workshop should be extended to more days (2 to 3 days).
2. More content & new research work can be shared in future
3. Focus should be on basic than advanced level.

4. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

Any other comments / suggestions

1. We would like to have such more workshops in future
2. More hands on Wire shark, Cisco packet tracer, mini net, etc.
3. Language and fundamental can be enhanced in effective manner.
