FEEDBACK / ATTAINMENTS:

This day honors the women who have paved the path towards our progress and struggled to take ‘womanhood’ to the level where it is now. Unfortunately, at the same time, the day is a reminder of the discrimination and inequality that still continues to plague our society. This special day, dedicated to women around the world, is a celebration of the great success of women across all spheres of life as well as shaping the future. All felt very happy and Delightful after celebrating Women’s Day.

FEEDBACK / ATTAINMENTS:

This day honors the women who have paved the path towards our progress and struggled to take ‘womanhood’ to the level where it is now. Unfortunately, at the same time, the day is a reminder of the discrimination and inequality that still continues to plague our society. This special day, dedicated to women around the world, is a celebration of the great success of women across all spheres of life as well as shaping the future. All felt very happy and Delightful after celebrating Women’s Day.

Recent data released by the National Legal Services Authority (NALSA) suggest that the nationwide lockdown has led to a rapid increase in cases of domestic violence. The data, which is categorized according to cases in different states, suggest that Uttarakhand recorded the highest number of domestic violence cases in the last two months of lockdown. Haryana ranks on number two and the national capital Delhi on number three.

The Novel Corona disease not only had medical practitioners, scientists and other frontline workers overworked, even social scientists, lawyers, social scientists had their hands full and occupied. The Novel virus resulted in one of the largest migration in history of world with migrants moving across the highways on foot, in scorching heat, in trains and buses. However what remains the same despite a span of almost 7 decades is that women and children remain as vulnerable as ever.

People were directed to stay indoors and political and bureaucratic machinery went full throttle to implement the lockdown with police personnel deployed out on streets to prevent any movement unless in case of emergency.

While deserted streets may have brought a ray of hope for government which bought some time to develop and implement some strategies for containment of virus, it crushed the tiniest semblance of hope for a large number of vulnerable section of society; women and children, and exposed them to the danger of domestic violence and made situations worse for the ones who were already facing it. Trapped inside their houses they had no escape from the perpetrators

How lockdown has been breeding ground of fresh cases of domestic violence and worsened the existing ones was evident from surge of phone calls to the helpline numbers of various government and non-government organizations. The lockdown has impacted the economic and social aspect of country and almost all strata of society has borne the brunt in some ways or other. Number of researches show that insecurity has high co-relation with negative emotions like stress, anxiety, restlessness, irritability and anger issues. The permission to open liquor outlets with lockdown still in progress saw the plight of women increase manifold and were subjected to domestic violence in its worst form ever.

The numerous calls to helpline numbers are just the tip of the iceberg. Many cases of physical, mental,

Psychological, emotional and sexual abuse went unnoticed and not reported. There must thousands and lakh of women who were beaten mercilessly, abused emotionally and must have faced marital rape resulting in unwanted pregnancies with no discretion on their part to decide whether to continue or discard the pregnancy, left with little or absolutely no reproductive rights to exercise.

From opening liquor outlets, to flooding social media with distasteful sexist jokes, the lockdown had been absolutely blind to woes of women who worked from home with additional burden of daily chores which was reduced because of house helps who couldn't move due to lockdown, to physical, mental, psychological, emotional and sexual abuse at hands of intimate partners and family members. Why the lockdown was imposed in such a haste with no prior planning and consideration of women facing domestic violence is largely due to patriarchal mind set of society that overlook insignificant matters like domestic violence in times of a pandemic where only medical and economic concerns deserve attention.

Domestic violence results in adverse effects on physical, mental, psychological, emotional, sexual and reproductive health of the survivor and as largest democracy in world we must take care of safety and well-being of half of our population. The pandemic should not give birth to another pandemic, that of domestic violence and while we are hopeful that soon a solution in terms of vaccine may be available for corona virus, it will take an exceptionally long to find a solution to the of domestic violence keeping into account our social, legal and psychological limitations

Gender Equality and Woman Rights in India

Every person deserves to reach her or his full potential, but gender inequalities in their lives and in the lives of those who care for them hinder this reality.

Across India gender inequality results in unequal opportunities, and while it impacts on the lives of both genders, statistically it is women that are the most disadvantaged.

The principle of gender equality is enshrined in the Indian Constitution in its Preamble, Fundamental Rights, Fundamental Duties and Directive Principles. The Constitution not only grants equality to women, but also empowers the State to adopt measures of positive discrimination in favour of women. So in my lecture I deal with the various constitutional rights guaranteed to woman under Constitution of India and various legal rights available to her in other laws of India

Worldwide strategies to protect women from their perpetrators

- Many Countries like Spain, Germany, Argentina, Italy, Norway, and France have launched Campaign Mask-19 also known as the Code-word scheme. When a woman experiences abuse at home or sexual assault, she can visit the nearest pharmacy and request for Mask-19. The pharmacy staff will note down her name, phone number and address and they inform the police stations and emergency services to tip them off about the abuse.
- The upsurge in the number of cases of domestic violence during the lockdown forced the French government to proclaim that they will open pop-up counselling centres and pay for hotel rooms for victims.

महिलाओं के प्रति सोच बदलने से आएगी जेंडर इक्वलिटी

राजस्थान टेक्निकल यूनिवर्सिटी और पूर्णिमा कॉलेज ऑफ इंजीनियरिंग की ओर से वेबिनार का आयोजन

डेली न्यूज, mix रिपोर्टर

जयपुर। मन व माइंड का कोई जेंडर नहीं होता है। सामाजिक बदलाव लाकर हमें बालिकाओं व महिलाओं की समानता का अहसास कराना होगा। जेंडर इक्वलिटी के लिए शैक्षणिक संस्थानों की भूमिका महत्वपूर्ण हो

सकती है। जेंडर इक्वलिटी के लिए समाज के माइंटसेट को बदलना होगा। नई पीढ़ी का बुनियादी विकास घरों में महिलाओं के साथ ही होता है। यह कहना है राजस्थान टेक्निकल यूनिवर्सिटी के वाइस चांसलर प्रो. आर. ए. गुप्ता का।

राजस्थान टेक्निकल यूनिवर्सिटी और पूर्णिमा कॉलेज ऑफ इंजीनियरिंग की ओर से शुक्रवार को 'जेंडर इक्वलिटी एंड वुमन राइट्स' सब्जेक्ट पर वेबिनार हुआ। मुख्य अतिथि के रूप में उन्होंने जेंडर इक्वलिटी पर विचार रखे। इस वेबिनार में महिलाओं के अधिकारों व कानूनों के बारे में चर्चा की गई।

वहीं, कॉलेज के डायरेक्टर व प्रिंसिपल डॉ. महेश बुंदेले ने वेबिनार

के उद्देश्यों के बारे में बताया। इस दौरान राजस्थान यूनिवर्सिटी के लॉ कॉलेज की डायरेक्टर डॉ. संजुला थानवी और जेईसीआरसी यूनिवर्सिटी के स्कूल ऑफ लॉ की एचओडी डॉ. नमिता जैन ने महिला समानता तथा महिलाओं से संबंधित कानूनों व उनके अधिकारों के बारे में विस्तार बातचीत की।

महिला सशक्तीकरण से ही जेंडर इक्वलिटी

डॉ. नमिता जैन ने इंडिया में महिलाओं के संवैधानिक व कानूनी अधिकारों को बताया। उन्होंने कहा कि महिला सशक्तीकरण के लिए जेंडर इक्वलिटी को आवश्यक है। सशक्त महिलाओं का घर, समाज व देश के विकास में अधिक योगदान होता है। जेंडर इक्वलिटी को ह्यूमन राइट बताते हुए सामाजिक, आर्थिक व राजनैतिक संदर्भ में इसका अर्थ समझाया। उन्होंने कहा कि यदि हर घर से ही बालिकाओं व महिलाओं के साथ समान व्यवहार किया जाए तो इसके लिए किसी कानून की आवश्यकता नहीं होगी।

DETAILS OF TECHNOLOGICAL / PRACTICAL LEARNINGS:

- Women are the core of the existence of any and every part of the universe. It is indispensable to overlook their valuable contribution. Keeping in pace with the present requisites, IETE propose-week a training program on "Internet Uses" under the banner of 'Digital India'. "A great endeavor requires expert guidance." A one-day workshop activity was organized by the department of Electronics and Communication Engineering, Poornima College of Engineering on 24th July 2017. This was a noble effort supported by Dr. Om Prakash Sharma, Director, Poornima College of Engineering, and Dr. Garima Mathur, Head Department of Electronics and Communication Engineering in which 7 students of 3rd year, Khushboo Chhabra, Jyoti Singh, Laksh, Prashant, Arya Rawat, Ayushi Parashar, Divya along with 3 faculty members, Gaurav Saxena, Manish Kumar Sharma, Anila Dhingra visited Chaksu village. In Chaksu, they went to the school Unique Shine Children Academy. Our efforts for creating were mutually supported by Mr. Trilok Kumar Sharma, Principal of Unique Shine Children Academy.
- This was a women-centric activity that aimed to enlighten urban/rural housewives about the wonders that internet technology offers in easing day-to-day life. The students gave PowerPoint presentations about the use of various policies of government such as Net Banking, Aadhar card, and Bhamashah card i.e., how they can be useful to smoothen daily life. Students also created awareness among the women about the uses and the bits of internet banking in rural areas. Students told them about:
- Net Banking: Net banking also known as internet banking, e-banking or virtual banking, is an electronic payment system that enables customers of a bank or other financial institution to Conduct a range of financial transactions through the financial institution's website. The online banking system typically connects to be part of the core banking system operated by a bank and is in contrast to branch banking which was the traditional way customers accessed banking services. Women in rural areas were not aware of thinking and how to transfer their money from one account to another account.
- Aadhar card: Students told them what aadhar card is; The Aadhaar UID Card is produced and distributed by the Unique Identification Authority of India (UIDAI). It is the largest personal identification program the world has ever witnessed. Over 1.2 billion people are eligible to receive the Aadhaar card. The only requirement to be eligible for an Aadhaar card is that every person must be a permanent resident of India. They told them what the importance of Aadhar card is and why it is needed for everyone.

- **Bhamashah Card:** Bhamashah Yojana is a scheme introduced by the Government of Rajasthan to transfer financial and non-financial benefits of governmental schemes directly to recipients in a transparent way. Education is not only an instrument of enhancing efficiency but also an effective tool of augmenting and widening democratic participation and upgrading the overall quality of individuals and Society. India has a vast population and to capture the potential demographic dividend, and remove acute regional, social, and gender imbalances, the Government and various private organizations are committed making concerted efforts for improving the quality of education in rural areas for women.
- Women's education in ancient India was quite good but in the middle age has deteriorated because of restrictions against women. However, again it is getting better and better day by day as modern people in India understand that without the growth and development of women, the development of the country is not possible. It then is very true that equal growth of both males and females will increase development in every area of the country.

The other policies which were introduced by students to women were:-

- Sarwa Shiksha Abhiyan
- Indira Mahila Yojana
- Balika Samridhi Yojana
- Rashtriya Mahila Kosh
- Mahila Samridhi Yojana
- Employment and Income Generating Training-cum-Production Centers
