♦ DETAILS OF ACTIVITY:

About the Event

Education is not just about holding a degree. It is all about to evolve the capacity of human intelligence so that they can be socially answerable and can be a part of a nation's development. Inculcation of human values augment academic achievement along with infusing social and relationship skills that helps in making overall personality of a student. Human values help a person to perceive world in a wider perspective. Value education enables us to understand our needs and visualize our goals correctly and also indicate the direction for their fulfillment. It also helps remove our confusions and contradictions and enables us to rightly utilize the technological innovations.

Description of the Event

Interactive Session on Human Values

In the session on Human Values, the "Role of a Leader" was the focus area. For a student it is very necessary to understand importance of good leadership and its effects on the success of an organization. A movie named "Nil Bate Sannata" was played for the students. This movie is important from the perspective of the value of clear vision, motivation, teammates, guidance, honesty, trust and hard work. A discussion of these values was also a part of the session. Faculty members motivated the students to imbibe the values to be a successful person in life. With the purpose of enhancing the comprehensive skills of the students a movie, October Sky, was shown to the remaining groups. It is a movie that teaches several morals, and lessons. One of the main lessons the movie teaches is that you should never give up on a dream no matter how hard it seems to reach. The movie teaches this lesson by showing Homer, the main character, trying to be successful by going to college and getting a good job. Throughout the movie he has various things to overcome such as being in a mining town, not being good at football, and being blocked by his father was shown to the students. Students learnt the importance of determination and strong Will Power.
