Poornima College of Engineering, Jaipur
Department of Computer Engineering
Paper Publication (2017-18)

S. NO.	Paper Title	Name of Author (s)
1	Optimized Performance of Peer to Peer Network for an application of Video Streaming	Ajay Khunteta
2	A Dynamic and Improved Implementation of Banker's Algorithm	Ajay Khunteta
3	In Silico Mathods to Predict Disease-Resistance Candidate Genes in Plants	Ajay Khunteta
4	Catching energy efficient stable nodes in Ad-Hoc Networks	Ajay Khunteta
5	An Efficient Approach for Emotion Detection from Speech Using Neural Networks	Ajay Khunteta
6	Improved Performance of Mobility Aware Energy Efficient Congestion Control in Mobile Wireless Sensor Networks by LEACH-1R	Ajay Khunteta
7	Video watermarking equations using DWT and DCT sub-sub stands for secure transmission over communication channels	Ajay Khunteta
8	Improvisation of Global Pairwise Sequence Alignment Algorithm Using Dynamic Programming	Ajay Khunteta
